

## Farm Bureau Meeting at Court House

A general farm meeting, sponsored by the Randall County Farm Bureau, will be held Thursday evening, October 22, at 8:00 p. m., in the District Court room in Canyon. This is a general meeting for all Farm Bureau members, non-member farmers, cattlemen, dairymen, and the general public, states G. A. Dietz, county chairman.

Stanley Garnett, Texas Farm Bureau District 1 director, will discuss the new wheat program being offered.

The county Farm Bureau resolution committee will offer a number of resolutions for discussion, a portion of the issues is as follows:

1. Support prices on basic and non-basic commodities.

2. How many years back do we want to use as a historical base for acreage basis? Shall diverted acres be planted in competitive crops or shall they be used to build soil?

3. Should there be a greater price differential based on grade and quality? Should loans be made on products that are now supported when grades are below standard?

4. Should the present program be sustained with some amendments or shall we replace it with some other program?

5. Should we oppose all other suggested programs that are not desirable?

6. Should we insist on the kind of educational program that will encourage the use of our products?

7. Should the farmers take a clear cut stand on soil conservation? What do you consider permanent practices? Who should get agricultural conservation payments?

8. Should cattle get a support price? Should cattle have a stabilized permanent program?

If there are other issues you wish to present, please feel free to do so.

The delegates to the State Farm Bureau Convention at Mineral Wells will represent the members in answering these questions, concluded the statement of Mr. Dietz.

## Art Collection Shown at the Museum Gallery

Colorful oil paintings on a wide variety of subjects, done by Amarillo, Canyon, and Tulia students of Louis Neugebauer's Vienna Art Studio, have attracted visitors' attention at the Panhandle-Plains Historical Museum, where nearly 100 works will remain on display during October.

Hung in the Hall of Fine Arts are canvases on still life, portraits, Western scenes, mountain scenes, rural and sea settings, wild life and religious subjects. Thirty-nine students entered works.

Especially noteworthy are a clown, painted by Miss Barbara Kent, Amarillo; a large Mexican mission scene, in subdued use of lights and shadows, by Mrs. Dorothy Foster, Amarillo; and an encompassing desert view by Mrs. Maxine Foreman, Tulia.

Contrast in ideas of fawns drinking at a stream may be seen in two paintings by Mrs. G. E. Palmer, Amarillo; and Miss La Nell Gum, Canyon. A Western sport of lassoing wolves may be seen in a painting of two cowboys pursuing a large prairie wolf on horseback. It was done by Mrs. Alice Ferguson.

A large canvas by Neugebauer is titled "If Christ Today Would Again Live Among Us," symbolic of the trial of Christ by history. Mrs. Clyde W. Warwick, Canyon, has entered a portrait of her husband, publisher of The Canyon News since 1910.

Students whose works are displayed are Mrs. G. E. Palmer, Mrs. Flora Webb, Leland Abbott, Miss Lula Mae Cole, Mrs. Leona Cantrell, Mrs. Swan Romaine, Miss Barbara Kent, Mrs. Tom J. Boyd, Mrs. Joe Lee Rithley, Mrs. Clarence M. Howe, Ruth Denton, Mrs. Dorretta Swift, Mrs. Dorothy Foster, Edward Jackson, all of Amarillo.

Mrs. Dorothy Jennings, Mrs. Marvel Corley, Mrs. Bessie Payne, Mrs. Maxine Foreman, Mrs. Doris Jennings, Miss Lois Jennings, Mrs. Alice Ferguson, Mrs. Frances Bales, Mrs. Ola Glonts, Mrs. Franz McGlaun, Mrs. Rea Rogers, Mrs. Ruth Dean, and Mrs. Viola White, all of Tulia.

Eddie Leake, Mrs. Tony Dewey, Mrs. Clyde W. Warwick, Mrs. Tommie Pierce, Mrs. Anna Wofford, and Miss La Nell Gum, all of Canyon; Mrs. Alton Moore, Panhandle; Mrs. S. V. Connor, Austin; Mrs. Lois Vaughan, Silverton; and Mrs. Edith Brocke, Freer.

## Stork Specials

Born to Mr. and Mrs. Joe Giddens, a son, on September 30 in Pampa.

## Driscoll Wins \$42, Saturday's Chest Holds \$440

W. T. Driscoll won \$42 Saturday at the Treasure Chest drawing. The winning ticket was for 10% of the chest.

Roland Black, Chamber of Commerce manager, said that every winning ticket drawn since the first 50% ticket was for 10%. There have been some tickets drawn above the 10% mark but the claimants were not present to receive the money.

The Treasure Chest drawings are conducted each Saturday afternoon at 3:30 from the bandstand on the east side of the square. Each week an additional sum of money is added to the Treasure Chest. The amount in the chest next Saturday will be \$440.

This week there will be a time change on the drawing as the Homecoming parade of West Texas State College will be in progress at the usual time of the drawing. The parade starts at 3 o'clock Saturday afternoon. The Treasure Chest drawing will be conducted immediately following the Homecoming parade.

## Cub Scouts To Host Kwahadis Monday Night

The Cub Scouts are sponsoring the Kwahadis Indians here on Oct. 26, at 8 o'clock in the evening at the Legion Hall. The Cubs will be out selling tickets to the public at 25 cents per ticket.

Proceeds of the ticket sale will go to buy subscriptions to the Cub's official magazine.

Kwahadis Indians is a Boy Scout troop in Amarillo. They have put on several rain dances in Amarillo, and are widely known over the Panhandle for their dances. The public will be able to see some of these dances at Monday night's program, and at the same time be helping the Cub Scouts to advance to greater progress in this locality.

## Chevrolet Insurance Has Not Yet Been Adjusted for Owners

Mrs. Ed Williams stated Monday that the fire insurance on the Imperial Chevrolet Company plant had not yet been adjusted to meet the requirements of the owners.

There is about a thousand dollars difference in the opinions of the owners of the company and the insurance adjusters.

There seems to be a considerable amount of difference in the value of stock, but this has not yet been carefully checked.

Mrs. Williams states that the company plans to make considerable improvement on the plant once the insurance is adjusted.

## Ex-Students May Register Early For Homecoming

New arrangement has been made on registering for Homecoming at West Texas State. Ex-students of the college may register early, either Thursday or Friday. Registration is from the office of Curtis Babcock, Room 114 in the Administration Building. Those registering on these days will not be required to register Saturday.

## Fund Helps Pay For Buffalo Feed

Fort Worth oil man Jack Danciger started a fund several months ago to keep the two buffaloes in Palo Duro State Park by contributing money for hay. Due to the drouth the grass could not hold its own and the buffaloes ran out of feed. The park had a problem on its hands that looked as if the only solution was to get rid of the animals whose ancestors once roamed the plains freely.

Last week another \$10 was added to this "buffalo grocery fund" at Palo Duro State Park. The money is to be used to buy hay to feed the buffaloes. The check is from the Danciger Grocery Store at Danciger, and T. S. and F. H. Hobbins at Pledger.

Visitors in the home of Mrs. W. S. Myers last week-end were her son and family, the Bud Myers of Lubbock. This past week-end Mr. and Mrs. Alvah Doak of Lubbock visited with her.

## Small Suffers Broken Leg in Crash Monday

George Small suffered a broken leg and cuts about the face Monday afternoon about 2 o'clock when the pickup truck he was driving was hit by a transport truck about a half mile north of the junction of Highways 60 and 287. Officers who investigated the crash said Small was pulling onto the highway and evidently did not see the transport truck. The truck driver was not reported as injured.

Attendants at Neblett Hospital said Small would probably be sent home after spending a few days in the hospital. His condition was not believed to be serious.

Chief of Police L. D. Caldwell, one of the investigating officers, said Small's pickup truck flipped about three times, turning over once and a half again. He also said the pickup went high enough into the air to catch and pull down one of the telephone wires.

## WT Ex Develops Catalyst Method

Robert Rowan, Jr., nephew of Mrs. J. C. Dowd, who resides in Westfield, N. J., has developed a method for preparing a catalyst used in the manufacture of components of aviation gasoline, for which he has been granted a U. S. patent.

Dr. Rowan is a member of the staff of the Esso Laboratories of Standard Oil Development Co., Linden, N. J. He is a graduate of West Texas State College and spent much of his youth in Canyon when his parents lived here.

## Mrs. R. C. Datlon Wins RCA Portable

Mrs. R. C. Dalton of Canyon was the seventh place winner in last week's RCA Victor "Pick-the-Victor" Football Contest.

She received an RCA portable radio from H. R. Fulton, Jr., of H. R.'s Greenhouse, for having the best answers in predicting the top ten football games of the week.

Seventeen prizes are awarded each week with the first place contestant winning an RCA Victor television set.

### VISIT STATE FAIR

Mr. and Mrs. Leon Crouch, Mr. and Mrs. Frank Mullican, and Elmer Mickey of Canyon, and Mr. and Mrs. Raymond Crouch and son, Maxie, of Wichita Falls spent an enjoyable week-end in the home of Leon and Raymond's parents, Mr. and Mrs. J. W. Crouch, of Dallas. While there they attended the State Fair. The group returned home Sunday night.

On Thursday Miss Johnnie Courtney flew to Dallas where she was met by her nephew and his wife, Rev. and Mrs. A. B. Duncan, III. After their having spent two days at the State Fair, she accompanied the Duncans to their home in Ruxton where she visited until Monday when she returned by plane.

## Class of 1928 Will Be Featured by Reunion Held During Homecoming

Back in 1928, when West Texas State College was only 18 years old, 103 graduating seniors received degrees. Saturday, when the Class of '28 observes its silver anniversary reunion, about half the class is expected to return for Homecoming activities.

It shouldn't be hard for at least 50 classmates of that year to return for Homecoming, since only a few of them are now living farther away than driving distance, according to Milton "Buff" Morris, executive secretary of the Ex-Students Association.

While several members of the class are scattered over Texas, and in six other states and one foreign country, the majority of those graduating 25 years ago are still in the Panhandle. They live in Amarillo, Canyon, Happy, Hereford, Perryton, Muleshoe, Gruver, Lubbock, Dumas, Plainview, and other cities within two-hour driving distance.

### Special Luncheon

A special luncheon has been planned for returning '28ers, by Dr. Lee Johnson, class agent, C. Boone McClure, who is now director of the Panhandle-Plains Historical Museum, and Carl Perrieman, Federal Bureau of Investigation agent in Amarillo, who was president of the class.

The Class of '28 is one of eight classes holding reunions Saturday morning from 9:30 until 11; the other classes are 1953, 1948, 1943, 1935, 1938, 1933, and 1923. Coffee will be served at each meeting, and the Class of '28 luncheon, at noon, will be held in the Blue Room of the college cafeteria.

Morris said that all exes are welcome to the reunions, whether or not they graduated during the specified years, because, "you'll

## Trail of Forged Orders Ends Here

Two men, Charles A. Neagle, 22, and Van Cathey, 26, who broke jail in Hillsboro October 10 and left a trail of forged checks across a wide swath of the Plains, were caught here Friday afternoon at 3:30. Local officers had been forewarned that the pair might be armed, and, according to Sheriff L. S. Johnston, the two had weapons when the arrest was made.

Their presence here was noted when they passed a \$35 forged money order at Cheatham's Clothiers upon the purchase of some luggage. Officials also said they had been tipped off that the pair was driving a stolen automobile.

Sheriff Johnston and his deputies learned that the pair had rented a room in a tourist court here. When the sheriff arrived at the tourist court the pair was gone. Johnston posted a couple of deputies and waited for the men to return. The pair was taken, unarmed, upon their arrival.

It was not known whether or not the couple had passed any forged money orders in Hereford. A \$25 forged money order was passed in Dimmitt Thursday and the men had a \$50 money order in their possession when arrested.

Besides the stolen car charge, passing forged money orders, and breaking out of jail, the pair was also wanted in connection with the postoffice burglary at Lasara in the Rio Grande Valley. It was learned that the stolen automobile belonged to J. M. Moran of Waco. The Oklahoma license plates on the car were not the ones that belonged on it.

The Lasara postoffice was robbed Tuesday night, October 13, three days after the Hillsboro jailbreak. A total of 96 money order blanks were taken in the robbery there.

When the pair was arrested they had a large quantity of new merchandise in their possession. The sheriff said that Neagle is a prisoner from the Texas penitentiary. When he broke jail at Hillsboro he was there on a bench warrant from the Hillsboro court. It was not known whether or not Cathey had a criminal record nor why he was being held in the Hillsboro jail at the time of the break.

## 1.55 Inch Rain Falls Tuesday

The rainfall in Canyon Tuesday night measured 1.55 inches of moisture.

So far no report has been received from the Southeast part of the county which has been the driest part of the county throughout the year.

The rain was much heavier north of Canyon, with more than four inches falling just south of Amarillo.

Rain Saturday night measured .10 of an inch.

## Tickets On Sale Here for Canyon Shamrock Tilt

"Tickets for the Canyon-Shamrock football game Friday night are available now at three places in Canyon," announced Supt. Joe Gibson yesterday. He said Supt. Elmer Moore of Shamrock had sent over a large number of tickets for good seats in the center of the stadium on the east side of the field. Tickets are \$1.25 each.

Student tickets are also available but will be sold from the school only. Adult tickets will be on sale at the office of the superintendent, The Pharmacy, or the Canyon Drug.

Supt. Gibson said he believed this is the first time that Shamrock and Canyon will oppose each other on the football field.

## County - District Clerks To Meet Here This Week

Annual meeting of the Panhandle-Plains Association of District and County clerks will be held here October 23-24. The Chamber of Commerce will act as host during this special occasion. Guests will enjoy such recreation as a trip through Palo Duro Canyon, Homecoming barbecue, as well as the Homecoming football game.

County and District Clerk's organization was formed back in 1949 for the purpose of rendering better service to the public. There were 22 present at this meeting which was held in Amarillo. The next meeting was held in Hereford at which time there were 48 present.

The association now has approximately 250 members, and is becoming more widely known all the time. The meeting to be held this week-end includes the entire state's county and district clerks.

### DR. AND MRS. HILL HONORED

Misses Annie McDonald and Anna I. Hibbets of Amarillo honored Dr. and Mrs. J. A. Hill Tuesday evening with a dinner at the Amarillo Club. Those attending from Canyon were Dr. Hattie M. Anderson, Mrs. D. A. Shirley, Mrs. R. P. Jarrett, and Miss Edna Graham.

Miss Irene Angel and Mrs. S. B. Louder returned Monday evening from Albuquerque, N. M., where they had spent a week-end with Miss Angel's sister and niece, Mrs. Beulah Bell and Mrs. Margaret Jenkins.

Mrs. Harvey Cash returned Monday from San Antonio where she had been visiting with her daughter, Mrs. O. J. Laas, who is house-mother for the new dormitory for girls at Trinity University.

Mr. and Mrs. Jeff Wallace returned Friday from Albany after having visited with their daughter and family, Mr. and Mrs. Harold Black and daughters, for a week.

Mrs. Lee Chandler of Borger is visiting this week in the parental W. H. McAtee home while her husband is on a deer hunt in South Dakota.

Mrs. John Branom of Cumby visited her niece and family, Mr. and Mrs. C. W. Samples and Billy, Monday and Tuesday.

Joe Abbott left Friday, October 16, for Fort Bliss at El Paso to take basic training for his service in the Army.

Mr. and Mrs. Joe B. Collins and children of Vernon spent the week-end with his mother, Mrs. T. W. Collins.

Mr. and Mrs. C. V. Lowe of Gruver spent the week-end in the G. B. Combs home.

Homecoming Mums. Place your order today. Call H. R.'s at 588.

# Plans Made for Big Homecoming Event

Plans for West Texas State College's annual Homecoming celebration Saturday, expected to be one of the most successful in recent years, have been completed, and a full day of activities has been slated.

The full week preceding Homecoming was designated "Western Week" by the Student Senate, and western attire was donned by faculty and students Monday morning. A pep rally was held Monday night,

and students participated in a booster parade on Tuesday through Canyon and Amarillo.

Annual Homecoming assembly, at 10 a. m. Thursday, will feature the presentation of the Football Queen. The program will be recorded and broadcast over Amarillo station KAMQ Thursday at 2 p. m. A western dance, sponsored by Gamma Phi sorority, will be held at 8 p. m. Thursday in Burton Gym, and another pep rally and bonfire is scheduled Friday night at 7.

Registration of ex-students will be held from 9 a. m. until 4 p. m. Saturday, and class reunions will highlight Saturday morning events. Classes holding reunions are 1953, 1948, 1943, 1935, 1938, 1933, 1923, and 1923. The Class of '28 will also have a luncheon in the Blue Room of the cafeteria.

Club get-togethers are slated from 11 a. m. until 5:30 p. m., with more than a dozen organizations planning parties for their exes. A rodeo, presented by the T-Ancor Rodeo Club, will be held at 1 p. m. at the rodeo arena, and the annual Homecoming Parade will start at 3 p. m.

The parade will terminate at Buffalo Stadium, and a student talent show, highlighted by the crowning of the Homecoming Queen, will be held. Five girls were in the run-off for Queen honors, and identity of the Queen will remain secret until Saturday. They are Misses Katy Lee Brown, Allison, Colline Brown, Hereford, Sheila Malone, Tulia, Donna Erwin, Claude, and Bonnie Hughes, Hale Center.

Annual barbecue will be held at 5:30, with all exes to be registered before receiving tickets. Non-exes and those not registered will pay \$1.00 a plate. Tickets for the barbecue will be given each ex-student and members of his immediate family as they register during the day.

The West Texas Buffs will meet the Hardin-Simmons Cowboys in a bang-up football battle Saturday night at 8 in Buffalo Stadium. Tickets for the game may be obtained from Bob Clark at the WT fieldhouse, or by phoning 88.

Climaxing the Homecoming Celebration will be a dance immediately following the ballgame until 1 a. m. in the college cafeteria. Music will be by The Collegians, campus dance band. Admission to the dance will be 50 cents a couple or stag.

## Rites Pending For Umbarger Farmer

Eugene Frische, Umbarger farmer, died at his home at 7:30 a. m. Tuesday. He is survived by his wife, Maria; three daughters, Mrs. Clara Stark, Mrs. Margaret Shink, and Rosalie Frische; three sons, Eugene, Jr., Carl, and Godfrey, all of Umbarger, and three brothers who live in Germany.

Late yesterday afternoon funeral services were still incomplete. It was believed the services would be held Thursday at St. Mary's Catholic Church in Umbarger. Funeral arrangements are under the direction of Griggs-Warren Funeral Home.

## Plateau Singers to Meet in Colorado

Jno. F. Taylor, president of the Plateau Singing Convention, announced that the next regular meeting will be held at Campo, Colo., on Oct. 25. There will also be a session on Saturday night.

Mr. Taylor says that a number of singers from Canyon and Amarillo will accompany him and take part in the convention.

## New Fire Alarm On November 1st

The new fire alarm system for the City of Canyon and Randall County will be placed in use the 1st day of November.

Under this new system it will be necessary for the person reporting a fire to dial No. 52158 and give the exact location of the fire and the owner's name if known.

On Thursday, October 22, the new system will undergo a series of tests and it will be necessary to sound the siren numerous times.

Jno. F. Taylor has returned from the Dallas Fair where he saw all of the sights which were offered in the big annual event. "It was some fair," explained Mr. Taylor as he recounted his experiences.

## 4-H Boys Show Steers at Dallas

Albert Craig and Weldon Tuckey, two local 4-H Club boys, have entered two steers at the Dallas State Fair to be shown tomorrow. The two boys left Canyon Sunday for the State Fair in Dallas. The auction sale of the animals being shown will take place on Friday after the animals are shown on Thursday.

The two steers that these local 4-H Club workers will be showing have been in the show ring before. Both animals were shown at the Randall County Jr. Livestock Show here in October of this year.

Experience in the show ring for the two boys represents two extremes. Albert Craig will be making his final showing as a 4-H Club boy. He has been active in the club for a period of ten years. Young Tuckey is just beginning his 4-H career. This is the first year he has fed and shown a steer. County Agent John Brazil, head of the 4-H Club here, said he was looking forward to several more years of excellent work by young Tuckey.

Brazil went on to say that keen competition was expected at Dallas as this was the only major show in the Southwest at this time of year.

## One Potato Turns Out Bumper Crop

One sweet potato produced more than 16 pounds of sweet potatoes here, according to Mrs. W. T. Davis. Mrs. Davis said she had the potato in the house in a jar. It had quite a few runners and last spring she took it out and planted it in the ground.

At that time she did not think about the sweet potato producing. Monday Mr. Davis went out and found that it had made more than 30 potatoes. Mrs. Davis said that three of the spuds weighed two pounds each. She estimated that the potato vine covered 200 square feet of ground.

## Agnew Will Speak Saturday at West Texas Gathering

Dr. Peter L. Agnew, assistant dean of the School of Education, New York University, will be main speaker Saturday at the annual convention of the West Texas Business Teachers Association. The meeting is in Amarillo at the Herring Hotel.

The convention opens Friday at 6 p. m., with registration, and a dinner at 7 p. m. Speaker will be Glenn Overman, dean of the Oklahoma City University School of Business.

Dr. Agnew, who speaks at the general session at 9 a. m. Saturday, will talk on "Trends of Business Education." His address will be followed by two sectional meetings. Dr. Agnew will speak at the secretarial section, and Dr. Fred Norwood, Texas Tech, will address the accounting section.

A luncheon, at which A. R. Watson, executive vice-president of Southwestern Public Service Company, Amarillo, will speak will conclude the convention.

Dr. Agnew, who has been assistant dean at N.Y.U. since 1948, is a graduate of Boston University, Harvard University, and holds the Ph.D. from N.Y.U. He was an instructor in education at N.Y.U. from 1931 until 1948.

A member of Phi Delta Kappa, honorary education fraternity, and Delta Pi Epsilon, business education fraternity, Dr. Agnew is a member of the executive board, Eastern Business Teachers Association. He was formerly associate editor of "The Journal of Business Education."

## Former Citizen Dies In Ft. Worth Monday

Frank E. Alvord, 92, died Monday in Ft. Worth. Funeral services were held in the Presbyterian Church in Baird on Tuesday afternoon.

Mr. Alvord is survived by four children, Mrs. Ella Green of Los Angeles, Mrs. Fay Halford and Fred Alvord, both of Ft. Worth, and Mrs. Bob Estes of Laramie, Wyoming.

Mr. and Mrs. Alvord lived in Canyon for several years at 1816 Third.

## EDITORIAL COMMENTS

## Quick Justice for the Murders Is Demanded Throughout Nation

The people of America are demanding quick justice for the two murderers who kidnaped and shot 6-year-old Bobby Greenlease.

The people of America will be satisfied with nothing less than death for the criminals. Just whether they shall see this accomplished is another question.

Naturally there will be lawyers who will shed many tears in the court room trying to convince the jurors that the accused could not detect right from wrong; that they were victims of liquor; and so on, and on.

The woman in the case is an admitted alcoholic; the man in the case is a worthless bum; but both will be painted lily white in their defense.

Again we see the ravages of booze, both on individual members of society and upon society itself.

It was booze which warped the thinking of both of these murderers. They set about to destroy simply because they felt that society had robbed them of their desire to drink and get drunk at will.

Randall county has more DWI cases than ever before, and more cases of juvenile delinquency than in the history of the county. Some of these days booze may dwarf the minds of some of these juveniles so that a major crime will result. Then it will be too late to cry over the antics of youth, or place the blame where it rightfully belongs—that is, upon the elders of this community who tolerate the sale and distribution of liquor.

## Sam Rayburn Starts Campaign to Throw Water on GOP Rule

Former Speaker of the House Sam Rayburn is attacking the Republicans of Texas and the national administration for the sins of allowing farm prices to sag while the prices of manufactured articles continue to rise.

Rayburn is right in this contention, but the blame is not alone upon the Republican slim majority in Congress.

For 20 years the Democrats had a wide majority in Congress. The party was sufficiently strong to pass legislation which would be helpful to the farmers of America.

Frankly we have no idea as to what kind of legislation should be passed. We do know that there is a recession or depression, or some other condition by some name, regardless of its kind.

Yet, prices of union made goods continue to increase, while prices of farm products continue to decline. There is something wrong—we all know and realize this.

We are convinced that Sam Rayburn could spend his time more advantageously for the benefit of the people of America as a whole in trying to solve the problem that he allowed to pile up while Speaker of the House, rather than tear down the plans of President Eisenhower.

We are simply saying that the President has been in office 10 months, and has been unable to solve the problems which have piled up in 20 years, during which time two wars have been fought and no peace made in either of the two.

## Happy Birthday Said by 15,000 Persons at President's Party

Republicans of Pennsylvania pulled off a great birthday party for President Eisenhower, and showered him with gifts. The President was 63 years old Tuesday and Hershey, Pa., home of the famous candy bar, was the scene.

At the same time the voters of Wisconsin decided that a Democrat should be sent to Congress to replace a Republican—the first time that a Democrat has won a seat in the history of that rock-ribbed state.

Naturally GOP is whistling in the dark. They profess to see no connection between the election of a Democrat and the decline in farm prices.

A Congressional committee is touring the nation trying to get a true picture of the situation. A majority of this committee is composed of Republicans and these fellows can tell the Eisenhower administration that unless some action is taken—radical and sudden action—that the President will have a Democratic majority to contend with when Congress meets after the 1954 elections.

The people of America have an idea that prices are under the control of the man in the White House—regardless of what he or his lieutenants may say.

The human race also included that man who expects a female to meet him at the time and place she said she would.

A few years ago October 27th was what special day? Answer: Navy Day.

The reader, we hope, will not agree with everything in these columns.

Most people are optimistic when they consider their own good points.

And who can remember when young people read books?

The best way to get a raise is to deserve one.

## Secretary Benson Is in Hot Water Again Over Reorganization Plan

Secretary of Agriculture Benson is in hot water. As a matter of fact he has been in hot water ever since he was selected to head the farmers of the nation.

Benson claims that he was given a mandate from the Democrats to carry out certain provisions. He claims that the greatest decline in farm prices came during the Truman administration.

His latest move is to reorganize PMA, and this is meeting with bitter opposition from farmers as well as their friends throughout the nation.

We don't know who is right, but we have a sneaking idea that although Benson may be right in his demand for reorganization that he is going to wreck the political chances of President Eisenhower if he continues his way.

We hold no brief for either Benson or his policies, but look with alarm upon the decline in farm prices.

Whether the Benson statement is correct in saying that the decline in farm prices may be laid to the Truman policy is just another way of defeating the President when the Democratic orators get through with him.

The only way for Eisenhower to win a majority of Congress in 1954, as we see it, is for quick action on his part which will restore farm prices to the point where farmers may make a profit rather than accept a continued loss on their products.

## Get Your Float Ready for the Big Homecoming Parade on Oct. 24

The annual Homecoming of West Texas State exes is planning a unique program this year based upon the hot weather which has prevailed, and the fact that a larger crowd always shows up for night football.

The program starts in the morning, but the barbecue will be held at 5:30 o'clock in the afternoon. The barbecue is not free, but will cost those who do not register and pay their ex-student dues a fee of \$1.00 per plate.

Just now the plea is for all business firms and organizations in Randall county to enter a float in the big parade which will be held at 3 o'clock.

Homecoming will be a big day in Canyon. The date? Saturday, Oct. 24.

## Government Back to Home Base Not Desire of Members Congress

We have just read a speech of Governor Allan Shivers which was delivered to members of the school boards scattered over the entire state of Texas.

We are impressed with the ideas of the Governor that the government should be kept at home.

"At home" is a rather loosely constructed phrase. Here we have the Governor of Texas telling school board members that the school government should remain in the hands of the people who pay the taxes. Yet, let it be known that more and more the government and control of our schools has been removed from Randall and all of the other 253 counties of Texas to Austin.

The Governor says that is "at home." We know better, and so do all school administrators who have to run to Austin for every hand out.

There is a demand from many Congressmen to return the government in Washington back to the people at home. Frankly, we believe that most of these fellows are merely talking through their hats. They do not want to see such a change, and would oppose any such movement.

Did you know that accidents in the U. S. claim the lives of approximately 100,000 people a year—which is five times the number of deaths U. S. troops suffered in Korea in three years of fighting?

If you advertise and don't get the expected results, change the nature of your advertising. Well-aimed advertising will always hit the mark.

A revealing feature of television is that many of the announcers we assumed to be examples of masculine strength are only super-mouses.

We suspect that in 1970 unions will be advocating a 30-hour work week, and, on second thought, that might be rather nice.

The search for truth is still the great goal of mankind, although it appears some people aren't very interested in finding it.

You should not have to be reminded to go to church or to support your church, unless you are under 12 years of age.

You can travel a thousand miles and you won't find any better people than those living around you right now.

As far as we are concerned, the theory that parents should never say no to children is strictly for the sapheads.

Most self-made men and women forget how to play in the process of getting ahead; don't let that happen to you.

The individual who attempts to reform the human race has an exaggerated idea of his (or her) abilities.

Writers who write what other people like to read aren't worth the weight of the paper they write on.

There are people in the world who judge every individual by the size of his or her bank account.

Driving power without direction is useless but it makes a lot of noise and results in some motion.

The soft touch who is always lending money when he shouldn't be will never have much of it.

Correct this sentence: "Boss, I don't deserve a raise; give the extra pay to Philbert."

A question which defies an intelligent answer is: "How are things in Washington?"

One afternoon we sat in the spouse's quiet, closed office listening for his footsteps in a nearly deserted building. Each time the door at the end of the hall opened, we picked up the rhythm of footsteps until they had passed his door.

No two were alike. Even behind the closed door it was no trick to distinguish between men and women, between heavy and lightweights, between fast and slow paces. Idly, we began guessing at a person's characteristics from the sound of his footsteps.

A woman clicked along on high heels, a light tap on the marble floor; lightweight, with good coordination, we thought. But impractical, wearing those heels for a day's work. Maybe a little vain. Dresses to attract male attention; or else, shy, and wearing them to give her confidence.

Another's heel screeched slightly as she put her foot down: she's heavier, more purposeful. Probably schedules her time too closely, then throws her body off-balance by those shoes not made for haste.

Other footsteps seemed ponderous, habitually hasty, naturally relaxed, thoughtful, light-hearted, self-confident, cocky.

Finally we heard the spouse coming. His footstep was unmistakable. Where did he fit in the

procession? A fast walker—that's the tempo of his life; a buoyant stepper—interested in where he's been, where he goes next. We made a mental note to remind him to slow down.

Two days later, we set out on a fast business junket and found a public stairway blocked by some loitering boys. "Pardon," we said briskly as they stepped aside. "Didja ever notice," one of them drawled loudly, as we hurried down the steps, "how you can tell what mood a fellow's in by the way he walks? If he's mad, you can sure tell it, just by listenin' to his footsteps." Once around the corner, we guiltily slowed down—both inside and out.

## THE LOW-DOWN

Educator—"Children need and should have encouragement. A slap on the back goes a long way with a child."

Parent—"Yes, and if the slap on the back is low enough and hard enough, that helps, too."

By VERN SANFORD  
Texas Press Association

AUSTIN: Texas politics, long brewing, boiled over with the announcement of Reuben Senterfitt that he intends to run for governor next year.

That puts the 1954 campaigning actively in motion.

It means that prospective candidates for governor must seriously consider making up their minds now about next year's plans.

Most of them have been waiting for Governor Allan Shivers to declare his intentions.

But Senterfitt, by his announcement, placed himself in the forefront of gubernatorial candidates — for the time being at least.

What will he do if Shivers comes out for re-election? Said Senterfitt: "I'm just going to wait and see what he does, and then I'll talk about that."

Senterfitt placed himself in this position: If Shivers runs again, Senterfitt can get out of the race — or stay in, depending on how he feels about it. If Shivers decides not to run, Senterfitt has a head start on the other candidates.

Obviously, Senterfitt thinks Shivers will not be a candidate for governor next year.

Reporters asked Shivers for his comment on the situation. The reply was, "No comment."

Senterfitt has served two terms as speaker of the house. Conservative, quiet and an able organizer, Senterfitt, who is serving his seventh term as a representative of the San Saba district, is highly regarded by fellow-members of the Legislature.

**OTHERS WHO** have been named as possible candidates for governor include Attorney General John Ben Shepperd, Lieutenant Governor Ben Ramsey, former district judge Ralph Yarborough of Austin, Senator A. M. Aikin, Jr., of Paris, Land Commissioner Bascom Giles, Mayor Roy Hofheinz of Houston, Congressman Lloyd Bentsen, Jr., of McAllen, and secretary of

the navy R. B. Anderson of Vernon.

There were developments also in the prospective race for U. S. Senator.

Lyndon Johnson, the incumbent, has visited widely over the state. He has said that he expects no major opponent next year.

But Jack Porter of Houston, Republican national committeeman, has promised that there will be someone running against Johnson.

Several prospects have been mentioned for the senatorial race, including Congressman Martin Dies and Robert Stripling, former chief investigator for the House Un-American Activities committee.

Reliable inside information is, however, that the anti-Johnson people have just about settled on their man. They are working behind the scenes and preparing a smash announcement.

They think the candidate is a natural who will appeal strongly to the voters.

Everything was set for the visit of President Eisenhower to the home of Governor Shivers at Sharyland, near Mission.

Arriving on October 17, the president remained there until the 19th, when he attended dedication ceremonies of Falcon Dam on the Rio Grande.

President Ruiz Cortines of Mexico was slated to take part in the celebration.

**HALF A MILLION** acres of the Texas tidelands will go on the auction block December 1.

Land Commissioner Bascom Giles says that the sale will be bigger than "anything we have ever done before."

Giles asked the oil companies about the land on which they would like to make bids. Fourteen companies responded, asking that 650,000 acres be put on sale.

Giles' recommendation, approved by the School Land Board, was that 500,000 acres be auctioned.

There were two changes in the Board of Insurance Commissioners. Governor Shivers appointed Garland A. Smith, who had been casualty commissioner, to be life commissioner and chairman of the board.

Smith replaces George Butler, who died recently.

Taking Smith's place as casualty commissioner will be J. Bryon Saunders of Tyler, a practicing attorney who will resign as chairman of the state board of public welfare.

Quit talking about a recession,

## RANDALL COUNTY BUDGET

The Randall County Commissioners' Court has approved the 1954 budget for the county with estimated expenditures in the amount of \$336,690.04 for all purposes.

Salaries of county officials and employees were not set in the estimates. These will be determined at the first meeting of the Court in January of 1954. However, there is estimated to be available in the Salary Fund the amount of \$78,756.04 for payment of salaries. This compares with the estimated amount of \$74,425.00 for salaries to be paid from the Salary Fund for 1953. Revenues from fees, fines, and commissions of office are deposited in the Salary Fund. Transfers from other funds may be made in case these fines and fees do not afford sufficient revenue for the salaries. No transfers are estimated to be necessary for 1953 or 1954.

Following are classes of expenditures and per cent of the total budget:

	Amount	Percent of Total
Road and Bridge Funds; Salaries of commissioners and road men, repairs and operation of machinery and rights-of-way, and road construction	\$178,080.00	52.8
Office Supplies, printing, postage, telephone, social security taxes, and sundry administrative expense	24,200.00	7.3
Charity and Public Service: Relief of indigents; library, cemetery, and fire department, and street lights	12,314.00	3.6
Judicial and Law Enforcement: Other than salaries of sheriff and deputies. Includes sheriff's office and car expense, feeding of prisoners, juries and court costs	18,890.00	5.7
Maintenance and Repair—Courthouse and Grounds: Janitor's salary and supplies; building and ground maintenance, and repairs	12,700.00	3.8
Capital Outlay: Office equipment and deputies' car replacements	6,500.00	1.9
Debt Service: Bonds and Interest	5,250.00	1.5
Salaries—County officials, deputies, and assistants	78,756.04	23.5
Amount estimated available	78,756.04	23.5
<b>TOTAL ESTIMATED EXPENDITURES</b>	<b>\$336,690.04</b>	<b>100.0</b>

Total estimated revenues for 1954 amount to \$349,956.00 from the following sources:

1953 Tax Roll	\$162,826.00
Delinquent Taxes	3,000.00
<b>Total Taxes</b>	<b>165,826.00</b>
Motor Vehicle Registrations	85,000.00
Federal and State Contributions	27,930.00
Fees and Fines	66,000.00
Sundry sales, refunds, machine hire	5,200.00
<b>TOTAL ESTIMATED REVENUES</b>	<b>\$349,956.00</b>

The tax levy is based on an estimated valuation of \$16,500,000.00 with an estimated collection of 89%, and the rate of 92c per \$100.00 valuation. All tax money collected during October, November, and December, 1953, will be held in escrow until January 1, 1954, and will then be distributed to the funds as follows:

Jury Fund	\$ 15
Road and Bridge—Regular	30
Road and Bridge—Special	30
General Fund	25
Courthouse and Jail	22
<b>Total Regular Levy</b>	<b>92</b>
Special Road and Bridge	30
<b>Total Tax Levy</b>	<b>\$1.22</b>

No sinking fund levy is necessary for 1954, since sufficient surplus exists to take care of bond and interest maturities during 1954. The 7 cents per \$100 levy of which had been made in previous years was prorated 4 cents to the Jury Fund and 3 cents to the Courthouse and Jail fund.

Based on the above estimates, Randall County will end the year 1954 with total cash balances in the amount of \$142,675.49.

Total indebtedness of the county is \$23,000.00.

By E. T. Cummings  
Randall County Auditor

Governor Shivers advised Texans at a speech in Dallas.

There is more danger that Americans will talk themselves into a depression than there is that the economy itself will bog down, the governor told an audience of 700.

Texas' industrial growth will continue at ever-increasing rates, the governor predicted. The Gulf Coast is becoming the nation's chemical center, and Dallas will be the nation's textile manufacturing center, Shivers said.

He cited other signs to indicate that the state is in good financial condition.

Three new members were appointed to the Texas Game and Fish Commission.

They were Henry Coffield, Marfa rancher; Henry Le Blanc, Sr., of Port Arthur and Robert J. Frenley of Houston.

These men succeed Richard M. Kleberg, Sr., of Kingsville, Shelby Kritser of Amarillo, and V. F. Neuhaus of McAllen.

Vaughn Bryant resigned as executive director of the Texas Good Neighbor Commission.

Neville Penrose of Fort Worth, chairman of the commission, accepted the resignation "with regret." Bryant gave "financial reasons" for leaving the job. He did not announce his plans.

Bryant set up his office so that all correspondence was written in English or Spanish interchangeably. All members of the staff speak and write Spanish.

**FORMER GOVERNOR** Dan Moody suffered an attack of acute indigestion in Federal Court at Alexandria, Va.

Carried from the courtroom on a stretcher, Moody said, "I've gone out of a lot of court rooms, but I've never gone out like this."

Moody went to Virginia to be defense counsel for Jack Cowart, former agriculture department official charged with receiving compensation from a company doing business with the government.

Emanuel Coutlakakis of San Antonio lost in the state supreme court his efforts to get a union organizer's permit.

Representing the International Fur and Leather Workers Union, Coutlakakis sought to compel Secretary of State Howard Carney to issue the permit.

Attorney General John Ben Shepperd obtained injunctions against Coutlakakis and the union, preventing attempts to organize tannery workers in San Antonio.

Shepperd charged the union was "Communist-dominated."

Cigarette, liquor, and wine tax stamp sales brought the state \$4,183,567 during September.

Treasurer Jesse James said the revenue was less than that collected in September of last year, but higher than this year's August revenue.

## Jr. Woman's Book Club Has Musical Program

On Friday, October 9, at 12:30 p. m., the Junior Woman's Book Club held its second meeting of the fiscal year in the Blue Room of the college cafeteria with 36 members and guests attending.

After a delicious luncheon, Mrs. Charlotte Word and Miss Jan Christal presented five musical selections composed by Mrs. Word, who is known throughout the Panhandle as a person with marked musical ability. In the last few years Mrs. Word has been specializing in music for children and is at present engaged in compiling a book of her selections.

Three of the compositions presented were from the forthcoming book. They were: "Merry, Merry Month of May," "Green Meadow March," and "Willow Tree Cradle." The other presentations, "Voice of God" and "I Love the Spring" were equally delightful. Miss Christal, a music major at West Texas State College, sang the songs beautifully.

Miss Helen White Moore, associate professor of English at West Texas State, gave a review of "Mary Lincoln, the Biography of a Marriage" by Ruth Randall Painter, which proved not only entertaining but presented the truth about this famously misunderstood woman.

A short business session closed the meeting. The next meeting will be at 3:45 p. m. in the Founders Club Room of the Panhandle-Plains Historical Museum on Nov. 13.

## Sports Quiz

1. What is the strikeout record in a World Series game?
2. Who holds that record?
3. Who won the Georgia Tech-Florida game?
4. Does Notre Dame play Michigan or Michigan State this year?
5. What was the score of the Michigan State - Notre Dame game in 1952?

### THE ANSWERS:

1. 14.
2. Carl Erskine of Brooklyn.
3. It was a tie, 0-0.
4. No.
5. 21-3 in favor of Michigan State.

### 45 CHARGES AGAINST HIM

Baltimore, Md. — A 42-year-old painter, William H. Brady, who led police on a 45-minute, 65-mile-an-hour chase in a horse van across this city, while his wife and 6-year-old son huddled beside him, had 54 traffic charges—a record total—lodged against him. He was arrested when the van he was driving smashed into a police car which was waiting to block him.

Joseph K. Lookstein, Jewish rabbi: "What is needed is not more clergymen in politics, but more of the spirit of religion."

# DOLLAR FOR DOLLAR YOU CAN'T BEAT A PONTIAC!

## It's the RIGHT CAR!

What's the "right car" for you? It must be handsome, of course. A good performer, too. And dependable? Economical? For beauty, Pontiac offers the Silver Streak distinction that is admired everywhere. The power and stamina of Pontiac's rugged, high-compression engines are unmatched at anywhere near the price. Pontiac's dependability and long-life economy are a matter of record. For every important value extra Pontiac's your car!

## It's the RIGHT PRICE!

The price of a Pontiac will never sway you from buying the right car. Pontiac engineers discovered long ago that—for very few extra dollars in price—they could build into Pontiac cars a great deal of extra quality. Come in and let us prove how easy it is to own a big, luxurious, fine-performing Pontiac!

## It's the RIGHT TIME!

Your present car will never be more valuable as a trade-in! So don't put off the pleasures of Pontiac ownership. "Dollar for Dollar you can't beat a Pontiac" never meant more than it does today! We're sure you'll agree it's the right car—the right price—and the right time.

## Centerview Club Elects New Officers

Centerview Home Demonstration Club met Friday afternoon, Oct. 16, at 2:30 o'clock with Annie Wesley as hostess. The president, Madge Sutton, was in charge of the meeting. Inez Shipman acted as secretary. A game was played and a song was sung for the opening exercise.

It was announced that the club would meet with the Pleasantview club in November for an achievement program. The Thanksgiving supper was discussed. Ora Evans, Lavena Amerson, and Inez Shipman were appointed to finish plans for the supper to be held on the evening of November 21. It was voted that instead of the club buying turkeys this year the members will furnish the meat and the bread.

Regular program of the "Handy Woman" was given by club members as follows: "Cleaning Pop-up Drains" by Grace Schaeffer, "Repairing Burned Spots" by Annie Read, "Replacing Lamp Cords" by Ora Evans, and "Don't Shove That Storm Door" by Lizzie Wesley.

Madge Sutton agreed to give a reading for the achievement program, and Ora Evans and Lavena Amerson were appointed to complete the plan for the program.

Elected to serve another year were Madge Sutton, president, Evelyn Shipman, vice-president, Inez Shipman, secretary and treasurer, Grace Schaeffer, council delegate, Inez Shipman, reporter, Lizzie Wesley, Living Room Demonstrator, Madge Sutton, foods demonstrator.

Pop corn balls were served to Madge Sutton, La Vena Amerson, Laidie Brazil, Ora Evans, Grace Schaeffer, Annie Read, Evelyn Shipman, Lizzie Wesley, Serena Bryan, and Inez Shipman, by the hostess.

A tacky party was planned by the members for Saturday evening at the school house. A fine of \$1.00 will be assessed at the door if the party goes on dressed for the occasion.

## DEN 2 CUB SCOUTS MEETS WITH DEN MOTHER MONDAY

Den 2 Cub Scouts had its regular meeting Monday at the home of the den mother, Mrs. E. W. Pettitt. Meeting opened with a horseshoe pitching contest. Ronnie Shepard was the winner and took home the Be Square Flag that he will be able to keep for one week.

A flag ceremony helped the Cubs in learning proper respect and care for the flag. Cub Scouts brought their Indian costumes and learned a dance. Games of Indian wrestle and Injun Tom were played. Mrs. Pettitt read a story about why the Indian wears feathers.

Refreshments furnished by Mrs. Jim Boyd were served to Richie Brotherton, James Boyd, Ralph Cabe, Bobby Dreiss, Brad Gough, Ronny Harris, Henry Meyer, Frankie O'Donald, Eddie Pettitt, and Ronnie Shepard.

Meeting closed with the living circle.

## DELTA KAPPA GAMMA STUDY SCIENCE IN TEXAS SCHOOLS

At the last meeting of the Delta Kappa Gamma in the Herring Hotel, Amarillo, last week Miss Bertie Warren, chairman of the chemistry department of Amarillo College, directed the survey made of science in Texas schools.

Mrs. Emmitt Smith of Canyon reported what the Amarillo schools were doing in primary grades. Miss Edna Graham gave a comparative report by reviewing science as she saw it taught in the Scandinavian high schools.

Those attending from Canyon were Dr. Hattie M. Anderson, Dr. Ima Barlow, Misses Darthula Walker, Elva Fronbarger, Sarah Thompson, Ada V. Clark, Graham, and Mrs. Smith.

## MRS. L. K. BOLTON HOSTESS TO CANYON H. D. CLUB MEET

On Friday, October 16, eight members and two guests met in the home of Mrs. L. K. Bolton when she was hostess to the Canyon Demonstration Club.

During the business meeting new officers for the ensuing year were installed.

Members present were Mesdames J. C. Keeling, C. J. Hughes, Luke Miller, Jack Barnard, E. L. Hardaway, D. A. Brown, Marion Higdon, and guests were Mrs. Crawford, Mrs. Ruthart, and Mrs. Clyde Thomas.

## E. C. PENICKS CELEBRATE 52nd WEDDING ANNIVERSARY SUN.

Mr. and Mrs. E. C. Penick celebrated their 52nd wedding anniversary Sunday in the home of Mr. and Mrs. L. B. Penick.

Those enjoying the occasion were Mr. and Mrs. Chester Ford and Byron of Amarillo, Mr. and Mrs. W. E. Roberts, Mr. and Mrs. Art Roberts, the honorees, and the host and hostess.

Mr. and Mrs. J. A. Woodfin of Snyder are visiting in the home of their daughter and family, Mr. and Mrs. Hud Prichard and Diane.

Mrs. Tom Sifert of Lorenzo spent the week-end at the home of her parents, Mr. and Mrs. Lewis Hinder.

Pvt. and Mrs. Chester Dowell of Ft. Hill, Okla., spent Sunday in the home of Mrs. Dowell's mother, Mrs. Ruth Hill.

## PLEASANTVIEW H. D. CLUB MEETS FOR TAILORING CLASS

The Pleasantview Home Demonstration Club had a called meeting and tailoring instruction course on Wednesday, Oct. 14, in the home of Mrs. B. F. Hufnagle, club leader, who directed the members in the week's tailoring lesson.

After the club had completed the lesson, Mrs. Cristler Crain, president, had charge of the meeting.

Officers for the coming year were elected. Plans were made for the next meeting to be held on November 11.

Refreshments of cheese and olive crackers, nuts, candies, and coffee were served from a table which had a centerpiece featuring the Halloween motif.

Members present were Mesdames E. L. Cranmer, Ray Welch, A. B. Daynes, Jr., Cristler Crain, John Jennings, Joe Carver, and the hostess.

## CANYON H. D. CLUB PLANS THANKSGIVING PARTY NOV. 16

Canyon Home Demonstration Club held its regular meeting in the home of Mrs. L. K. Bolton on the afternoon of October 15.

Officers elected for the ensuing year are: President, Mrs. L. K. Bolton, vice-president, Mrs. Leroy Wooten, secretary, Mrs. Marion Higdon, reporter, Mrs. Douglas Loudder, council representative, Mrs. C. J. Hughes, and foods demonstrator, Mrs. E. L. Hardaway.

Plans were made for the Thanksgiving party which will be held on November 16.

Following the business meeting refreshments were served to Mesdames Douglas Loudder, Marion Higdon, J. R. Parker, J. C. Keeling, C. J. Hughes, Luke Miller, Jack Barnard, E. L. Hardaway, D. A. Brown, members, and Mrs. Crawford Ruthart and Mrs. C. A. Thomas, guests.

The November 6 meeting will be with Mrs. C. J. Hughes.

## FOUL WEATHER WARNINGS

"Hiram," exclaimed Mrs. Corn-tossel, "that candidate you don't like is coming up the road. What'll I say if he wants to kiss the children?"

"Don't say anything. Just call 'im back to the kitchen and give 'im plenty of bread and butter and molasses."

## BEATS ALL

A balky mule has four-wheeled brakes.

A billy goat has bumpers. A firefly has a bright spotlight. Rabbits are puddle-jumpers. Camels have balloon-tired feet. And carry spares of what they eat. But still I think of nothing that beats The kangaroos with rumble seats.

## GUESS AGAIN

"With what weapon did Samson slay the thousand Philistines, Tom?" asked the Sunday School teacher.

"The ax of the Apostles," replied the child after a long pause.

## GIRL IN THE DARK

Boy: Why were the Middle Ages called the Dark Ages?

Girl: Because there were so many knights.

## OLD HAND

Doctor: Your cough sounds much better this morning.

Patient: It should. I've been practicing all night.

## ROLL CALL

Sergeant: Private Jones?

Voice: Absent.

Secretary: Quiet! Let Jones answer for himself.

## NICE AND FRESH

Customer: This coffee tastes like mud.

Waitress: Well, why shouldn't it? It was ground this morning?

## EXPLAINED

If, as an optometrist estimates, 72 per cent of the American people are suffering from eyestrain, it probably is due to looking for a place to park.

Charles E. Wilson, Secretary of Defense: "In this age of peril, the job of keeping our citizens safe and freely informed would be difficult, if not impossible, without our press."

Joseph W. Martin, Jr., Speaker of the House of Representatives: "The Korean truce, while an uneasy one, may be the springboard to peace."

The U. S. expects the early implementation of the European army.

There are approximately 3,000 islands in the Philippines.

Delaware has the lowest average elevation of any state in the U. S.

The temperature of liquid air is about 190 degrees F., below zero.

The distance by air from Moscow to Washington, D. C., is 4,883 miles.

The stars neither rise nor set at either of the two poles.

The planet Pluto was not discovered until 1930.

1954 wheat support is fixed at \$2.20 a bushel.

The rise in business inventories is small in August.

## Barbecue Tickets Now Available

Announcement was made early this morning that tickets for the Homecoming barbecue at West Texas State College are available at Cooper's Market, Bellah's Super Market, Canyon Drug, and The Pharmacy.

The \$1.00 tickets are for those who are not students, ex-students, or who haven't registered at the Administration Building. The students and ex-students who have register, or will register Thursday, Friday, or Saturday, will be admitted to the barbecue free. Those who don't register will have to pay for their tickets.

## FAMILY INCOME

The average American family's income increased by \$16.35 a week between 1944 and 1950, according to the Commerce Department. The average family makes \$4,460 before taxes in 1950, compared with \$3,610 in 1944. Family income has continued to rise since 1950, according to the Department.

## ECONOMIC APPRAISAL

One hundred of the nation's top industrialists will meet with Administration officials sometime this month, at which time they will present their appraisal of the business outlook for the guidance of Government economic planners.

## PARCEL POST RATE HIKE

On October 1st, a 35 per cent hike in parcel post zone rates went into effect under an order approved last June by the Interstate Commerce Commission. The increase is expected to bring an added \$153,000,000 in revenue to the Post Office Department each year.

## JOBLESS

Employment dropped by more than a million in September, as young workers returned to school, but the number of unemployed was "practically unchanged" from the post-war record low set in August, according to the Census Bureau of the Commerce Department. Unemployment was estimated at 1,246,000 while the August figure was 1,240,000.

## AUTUMN GOSSIP

Daughter: I found a horseshoe this morning.

Mother: Do you know what that means?

Daughter: Yes, it means that some horse is running around in his stocking feet.

## DOG TEAM

Jim: Why do you call your dog Baseball?

John: He catches flies, chases fowls, and runs for home when he sees the catcher coming.

Rev. Edward A. Keller, of Notre Dame University: "Ultimate collectivism can be avoided if the American people will set about restoring a strong sense of personal moral responsibility and self-reliance."

Allen J. Ellender, U. S. Senator from Louisiana, just back from a trip around the world: "My idea of technical aid is our making available American know-how and furnishing the people to demonstrate this know-how."

Mrs. Mary T. Norton, former Congresswoman from New Jersey: "When a woman gets to be 78 years old, she has reached a time when she should retire."

Foreign Operations Administrator Stassen has announced that the United States planned to rely more heavily on American colleges and universities for personnel in technical assistance programs.

## When You Move . . .

Keeping up with those on the move is quite a job for even an average country weekly newspaper.

When you move, PLEASE notify this paper in advance.

Give us the old address;

Your new address;

The date that you wish the paper changed.

Every week we have a few papers which are returned, two cents due; indicating that either people have moved; without leaving an address; or failed to have their paper changed in advance.

It costs a lot of money to service these subscriptions. HELP—please.

## WASHINGTON AND

## "SMALL BUSINESS"

By C. WILSON HARDER

A heartening development has occurred in Washington. As a result, there is greater optimism over free enterprise future.

This conclusion follows announcement four major airlines will carry mail over certain routes at reduced rates on year's experimental basis.

The back ground is interesting. For some time, a feeling existed American air transportation is too closely controlled by bureaucratic edict; that Post Office losses which started ballyhoo for rate increases is tied into same picture.

First the Senate Small Business Committee held extensive hearings on situation. Then pertinent parts of testimony were published over nation, chiefly in independent weekly newspapers.

Hearings revealed that instead of seeking bids on open market for air service, both rates and subsidies the Post Office must pay were set down by edict of Civil Aeronautics Board.

Public reaction to this disclosure was so quick that almost immediately it was announced that some \$80-million in air mail subsidies was being taken out of the Post Office liabilities to be paid by CAB who must get money from Congress if it can.

It also revealed that CAB fixed rate for carrying mail for 45 to 53 cents per ton mile is equal or higher than the airlines receive for first class passengers. Independent airlines, or those classed by CAB as irregular, offer to carry mail for 15¢ rate.

© National Federation of Independent Business

Immediately on heels of this disclosure, it was announced four major airlines will carry first class mail they have room for between Washington and New York and Chicago for a rate of 18.8¢ and 20.0¢ cents per ton mile.

As yet, the independents, or irregulars, cannot carry mail. In fact, CAB has never permitted them a hearing on matter.

Railroads who receive rate estimated slightly above 16 cents per ton mile are concerned. Competition could lower rail rates, too.

Thus it is possible that if free competition is made to prevail, Post Office deficit will turn out nothing more than wasteful operation forced on a major veteran government department by "Johnny-come-lately" bureaus.

The rapid sequence of events establishes that an energetic and sincere Senate Small Business Committee, and House Small Business Committee can get the facts revealed, and disclosure of these facts in the independent American press composed almost entirely of the nation's weekly and small dailies, will do much to guard free enterprise.

An interesting "hands across the sea . . . in U. S. pockets" note, England, recipient of millions in aid from U.S. taxpayers will this spring launch a new yacht for royal family. A 413 foot, 21 knot speed luxury ocean going ship, it will be manned by 22 officers and 225 men.

Last January the U. S. President whose taxpayers still pay huge taxes to pay for aid to England, ordered the presidential yacht, the much smaller Williamsburg, taken out of commission as economy move.

## Who Is Owner of "The Mystery Farm" of This Week?

Do you know who Mystery Farm No. 30 belongs to? Although it's a snug little home, comfortably situated and to those who don't know it, typical of many other farm homes on the plains. There are some distinctive features for those who may be slightly familiar with the place. There's the huge stock lot and the barns at either end, the trees about the house and the windmill with its tall storage tank. When the owner calls at The Canyon News and identifies the place he will be given free a 5x7 gloss photograph of his place, Mystery Farm No. 30 in our files.

### Latest Rumors From Political Front of Nation

Winston Churchill's greatest personal concern, at 78, is a limp that has persisted since the cerebral incident he suffered at the end of June. This limp rather than difficulty in articulation is to influence his decision whether to try to carry on until he can bring about his cherished meeting with Russia's Malenkov.

Queen Elizabeth's Government, which has been concerned about "witch hunting" and "McCarthyism" in the search for Communists in U. S., now is calling out the British Navy and the British Army to deal with so-called Communist movement in British Guiana, led by an American blonde from Chicago, and her East Indian husband. It all depends on whose Communists are involved.

Charles Bohlen, U. S. Ambassador to Russia, reports that Russia's new dictator, Georgi Malenkov, and his top aides are badly frightened by the military might of the United States and by the evidence of hatred of Communist rule within the Communist empire.

A complaint is beginning to be heard that recent weather reports supplied by Russia to aid in forecasting appear to be distorted to give an inaccurate picture of prevailing conditions. Inaccurate information makes flights more difficult over the areas between U. S. and Siberia.

Malenkov is offering Russian grain to Eastern Europe—a sign that the Russian harvest this year is better than it has been.

Richard Nixon, Vice President, discovered in California that most of the questions asked of him be-

fore he took off on his world flight as good-will ambassador were about President Eisenhower's health, which Mr. Nixon described as excellent.

Gen. Douglas MacArthur briefed Mr. Nixon on Far Eastern affairs just before the Vice President set out for the Far East. A mention of that fact brought the biggest applause from a California audience.

James P. Mitchell, the new Secretary of Labor, will find the Commerce Department looking over his shoulder at everything he does. Commerce Secretary Sinclair Weeks has assigned one of his subordinates, John L. Kilcullen, Jr., the job of keeping a watchful eye on the Labor Department. Idea is to see that business interests are not forgotten in forming official labor policy.

Earl Warren, Chief Justice of U. S., was sworn into office in borrowed judicial robes but has a promise from California Senators William Knowland and Thomas Kuchel that he will get the "finest silk robe that senatorial money can buy."

George Humphrey, Secretary of the Treasury, hopes that Congress next year will change the law governing the ceiling on national debt by applying that ceiling on the last day of the fiscal year, not on every day of the year. In that way the Treasury might get through 1954 under a 275-billion-dollar limit on national debt.

Ezra Benson, Secretary of Agriculture, is aware of a rumor being spread by political opponents that he benefits personally from tight Government controls over sugar, through ownership of a beet-sugar farm at Whitney, Ida. The fact is that Mr. Benson owns no farm land. The farm he once owned with a brother now is owned by the brother alone.

Joseph Dodge, Budget Director, has some ideas for drastic revision of old-fashioned accounting procedures in Government that may ease the problem of balancing the Government's bookkeeping budget—if only Congress agrees. The double-budget idea, however, is not being accepted.

Roger Kyes, Deputy Secretary of Defense, is coming up with definite plans for cutting costs of American defense forces in Europe as a result of a recent trip. Military commanders in the field are described as "impressed" by Mr. Kyes's ability to come up with cost-cutting ideas that actually improve military capability.

Robert Anderson, a Texan who hadn't been in anything bigger than a rowboat before becoming Navy Secretary, already has made a highly favorable impression on the professional arm of that service.

President Eisenhower is operating on the political theory that neither labor leaders nor farm leaders nor others who profess to speak for big groups of American voters actually do deliver votes on Election Day. The President's view is that American citizens do their own thinking and make their own political choices.

John L. Lewis has coal operators puzzled by letting his contract run past the October 1 date without a notice of termination or a pay-raise demand. Instead, Mr. Lewis is talking of ways to help the industry get more new business.

Revised editions of the Holy Bible, leather binding, \$10; cloth binding, \$6; at Warwicks. tf

### Bible Verse to Study

"If thou wilt be perfect, go and sell that thou hast, and give to the poor, and thou shalt have treasure in heaven."

1. Who spoke these words?
2. To whom were they addressed?
3. What was their effect?
4. Where may these words be found?

### BIBLE VERSE ANSWERS:

1. Jesus.
2. The Rich Young Ruler, who had great possessions.
3. He "went away sorrowful."
4. Matthew 12: 21.

### BASKET-SELLER LOSES SAVINGS

Baltimore, Md. — George Gerczak, 69-year-old owner of a produce store, who didn't trust banks, sold a customer 33 bushel baskets. It was not until after the man left that Gerczak realized that the pile of bushel baskets was where he and his wife had hidden a candy box, with all their savings of the years — about \$8,500 in cash and \$1,000 worth of jewelry. Police and Mr. Gerczak are hoping the stranger will return the money.

### 'MAIL' BOX ALARMS

San Diego, Calif. — A Mexican woman walked up to a red "letter" box and pulled the hook. Instead of finding the letter slot, she soon heard screaming sirens and fire trucks. She explained her mistake to a policeman, who asked to see her passport. She had none and was booked on suspicion of illegal entry into this country. Her letter was mailed, though, in a green box.

Richard G. Casey, Australian government official: "British-American cooperation is an anvil that has worn out many a hammer. It will stand up to the sickle as well."

New employee of the Canyon Drug is Mrs. Nell Pipkin, who has been working for the past month. Her husband, Jess Pipkin, is employed by Taylor & Sons.

## NEWS LETTER

FROM CONGRESSMAN WALTER ROGERS  
OF THE 18th CONGRESSIONAL DISTRICT

**Russia and the Hydrogen Bomb**  
Much has been said and written in the past several weeks about Russia and the development of the hydrogen bomb.

That Russia has developed near future perfect such a bomb, should not come as a surprise to anyone. Least of all to those who are charged primarily with the defense of this country.

In the first place, history will reflect that all newly designed or conceived weapons of warfare do not remain secret as between nations for any lengthy period of time. Scientific minds in all countries are constantly devoted to research in an effort to discover some new and novel means for man to destroy man.

No one nation has a monopoly on brains. Therefore, this age-old mad race will continue at an ever increasing tempo until man someday awakens to the fact that the dedication of the efforts to peaceful pursuits will bring much greater rewards and benefits to mankind everywhere.

Until that time comes, this country has no choice other than to meet the challenges of those who subscribe to the policy of world domination.

Russia knows full well our capabilities in this field. She knows that the United States could not be destroyed by any kind of bomb or explosive she could invent or devise. She knows also that should she be foolish enough to drop a bomb on this country, it would be only a matter of minutes before Russia would be subjected to the most devastating retaliation ever witnessed by man.

**WE HAVE BASES** so located strategically that it would be much less possible for Russia to defend against that retaliation than it would for us to defend against her act of aggression in bringing the bomb to our shores.

As crazy as Russian thinking seems to be, I do not think she is yet ready to commit suicide.

I say these things because I feel that much fear and trembling has been created throughout this country by the many statements that have been made on the subject in the immediate past.

We should not relax our vigilance or slow our research and development. We should face facts and reality and do it without being afraid. In order to do this and to meet these constant challenges, it will be necessary that money be spent on these programs.

**This money must come from the taxpayer's pocket.** If it cannot be done properly with present revenues, it is my opinion that the American taxpayer will be willing to put up whatever might be necessary to meet the requirement. It is also my opinion that present revenues, and revenues available after the scheduled tax cuts, will be sufficient.

If they are not, then there should be a re-evaluation of what we are doing in the over-all government programs both civil and military, with the thought in mind of rearranging, reassigning, and reallocating funds to the end that the objectives can be attained with available revenue.

If such funds then appear to be insufficient, the American taxpayer should be given the plain simple facts about the deficiency and the need. The result will be that the people of this country will rise to the occasion as they have so many times in the past, and the needs for adequate defense will be provided.

People do not mind being taxed when they know that the need exists and that the revenues are employed to effectively meet that need, but they do not like to be

scared to death in the process.

**THERE ARE MANY** who think that the recent developments and disclosures concerning Russia and the hydrogen bomb are in the nature of a softening up process preparatory to an announcement that taxes cannot be cut, and that new taxes will be needed. I do not agree with this thinking.

As I have said many times before, I do not think that Congress will be asked to extend those taxes that automatically expire January 1, 1954. These taxes cannot be continued unless Congress takes affirmative action to extend them. Congress will be in no mood to extend these taxes under their present names or under assumed names.

### Sue Hite Club Given Outline For Future

An inspirational talk looking forward to the new club year was given by Mrs. Rex Reeves, president, at the Sue Hite Club meeting Monday afternoon at the Panhandle-Plains Historical Museum.

Mrs. Reeves was named delegate from the club to the Texas Federation of Women's Clubs convention in Austin Nov. 9-12. Mrs. John Jennings, treasurer, gave a report, and Mrs. Reeves named a committee to study the national federation's proposal for redecorating Independence Hall in Philadelphia. The committee, which will report to the club and recommend participation, is made up of Mrs. T. V. Crounse, Mrs. Virgil Henson, and Mrs. C. Boone McClure.

Mrs. R. W. Raillard led the club in the club collect, and Mrs. Hatcher Brown, program chairman, presented Mrs. Gene McGlasson, Jr., who read the club constitution and by-laws.

Hostesses, Mrs. Crounse and Mrs. W. R. Wilson, served cold drinks. Members present were Mesdames Frank Barnhill, John E. Bowden, Brown, E. R. Cleavinger, Levi Cole, Clay Cooper, Crounse, Loyd Devin, Dennis Ford, W. F. Haggard, Jack T. Hughes, Jennings, Bill Lee, McGlasson, W. A. Miller, W. E. Miller, Jerry Newman, J. O. Parker, Raillard, Reeves, Burney Slack, A. L. Walsh, Crannell Tolliver, R. D. Wheelock, Wilson, and Charles Wright.

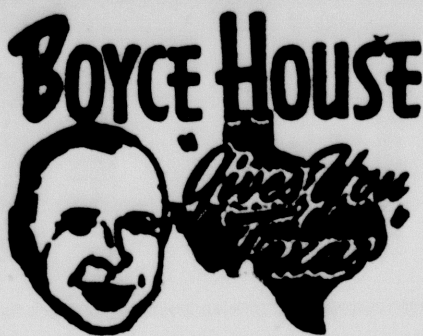

### BALKY

Mother: Billy's just like a furnace when it comes to practicing the piano.

Dad: You mean he's all steamed up about it?

Mother: No. If you don't watch him, he's liable to go out!

Select your house mail box at Burrow Lumber Co. 16ff

The human mind is an amazing thing.

Several years ago, Roy Roddy, then the farm editor of the Dallas News, walked into the publicity office of the Southwestern Exposition and Fat Stock Show. We had never met and I asked him if he was any kin to a newspaperman of years ago in Memphis, by the name of Roddy. They were distant kin. Neither of us could recall the other Roddy's first name.

I made out the Dallas man's press card on the typewriter as we continued to converse. He was about to pin the card on his coat lapel when he exclaimed, "You've got the name wrong; I am Roy, not Ralph."

"Ralph" was the name of the Memphis newspaperman — the name I could not recall!

"Not much service — but, oh, what food!" is the motto of Wayne, McDonald's cafe in Fort Worth.

If the government wants to lift the Postoffice Department out of the red, why aren't some business go-getting ideas introduced? For example, all postal cards are that dull brown. Why not make postal

cards available in different colors? They would be more effective for advertising and greeting purposes. Look what "seven delicious flavors" did for a dessert.

And now the debunkers say that William Tell did not shoot the apple off his son's head—and one historian says that Captain Kidd was not a pirate but a patriot. What's a man to believe, I ask you!

A very good friend of mine often spoke of his brother, whom I had never met. One day, I was in the town where the brother lived and I called at his place of business. He was a mortician and he was delighted to meet me as his brother had often spoken of our friendship. Desiring to be hospitable, he took me through the place, showing me every casket!

Gov. Thos. E. Dewey may, or may not, be a great statesman but he uttered a profound truth when he said, "There is nothing so little appreciated as unsolicited advice."

### TURN ABOUT

Smith — Before I married, my wife made me promise to quit smoking.

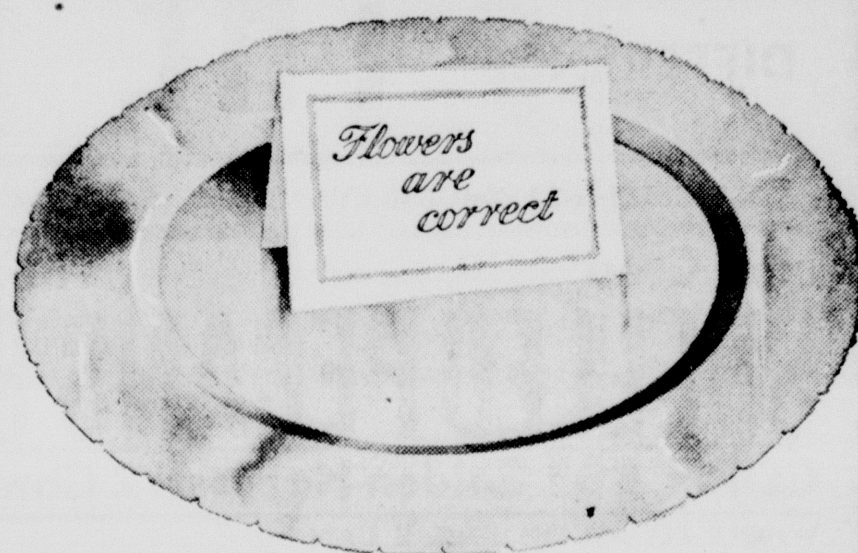

Jones — And you kept your word?

Smith — Yes. Now, I'm doing my best to get her to promise.

James Madison wrote the first 10 amendments to the U. S. Constitution.

Drugs-Sundries-Gifts - Canyon Drug

## "Bigger pies, not smaller slices"

We ran across a new word the other day... "demographer." That's a research man who studies statistics on births, deaths, populations.

Well, it seems the United States will have 20 million more people aboard by 1960, or thereabouts. Logical enough. We gained 20 million people in the forties.

Bigger pies are the order of the day. In the electrical industry, for instance, men with sharp pencils have figured that demand for electric power will have doubled during the decade ending in 1960. More power equipment is therefore needed. More electrical machinery for industry.

And better pies. Americans insist on better products, year by year. Somebody has to pioneer things. Looking ahead for five, ten, fifteen years—creating new and better products and improving old ones—that is the business of General Electric. For seventy-five years progress has been our most important product.

The babies who come into the world today won't want smaller slices of the world's goods and opportunities. Or even the same slice. They'll want more. Wait and see. Nothing less is worth planning for by the people who must organize for the future. It's no job for pessimists.

*You can put your confidence in—*

## Christmas Mailing Instructions Given

The period of Oct. 15-Nov. 15 has again been designated for the acceptance of Christmas parcels for members of the armed forces serving outside the continental United States, according to the Post Office Department.

It is expected that many Christmas parcels will be sent this year by persons in this country to their loved ones overseas and the following instructions have therefore been issued with the view of assuring delivery of the gift parcels on time and in good condition.

Military personnel are well supplied with food by the armed services and parcels containing foodstuffs subject to spoilage and breakage in transit are likely to reach overseas destination unfit to use.

Air parcel post intended for personnel of the armed forces serving overseas or in naval vessels should be mailed not later than November 25. The movement of air parcel post by air from the ports to overseas areas during the overseas Christmas mailing period will be contingent upon the military requirements.

The Post Office Department can guarantee air transportation only to the ports of embarkation. Air parcel post, other than official mail, is limited in size to 30 inches in length and girth combined and two pounds in weight.

It is necessary for all parcels for overseas delivery be of strong construction, securely tied with strong cord and should contain sufficient cushioning material so that the contents will be tightly packed to prevent any rattling or loosening of the articles within the parcels. Unless completely

packed and tightly filled, boxes are likely to be crushed.  
Early mailing is urgent for on time delivery for Christmas.

## Palo Duro Dress Shop Leads in Bowl League

Palo Duro Dress Shop still holds the lead in the Palo Duro Bowling League. Cooper's Market is second with Young's Drive-In, Canyon Drug, Stevenson Pontiac, and Graham Grocery following.

Graham's Grocery fell to Palo Duro Dress Shop losing three out of four points. Cooper's Market knocked off Canyon Drug three out of four and Young's Drive-In topped Stevenson Pontiac three out of four.

Ferne Kiker bowled an unusual series with 110, 112, 111 to make 333 total pins.

Sue Miller had the week's high game with 164 followed by Ruth Foster with 163 and Orpha Burgess's 160.

## Japan Is Still the Key Nation Of the West Against Aggressions

By EDWARD H. SIMS

WASHINGTON: The key to the United States position in the Far East depends on two countries, not one, as it is sometimes stated by geopolitical writers these days. Most writers tend to concede India the key role in the battle between Communism and Democracy, and express concern for the course being followed by India's government.

PERHAPS JUST as important, or even more so, in the battle against world Communism, is the course to be followed by Japan. Often overlooked as a key factor in Far Eastern affairs, the Japanese possess the industrial potential to equip large armies and the economy to maintain them.

Moreover, recent progress has been made in Japan by Americans who wish to see the Japs rearm as a bulwark against the traditional foe, Russia. The Japs whipped the Russians just after the turn of the twentieth century — with no help from the outside world.

They did not engage them in either World War I or World War II, but the threat remained real throughout those conflicts. Prior to World War II, Japanese and Russian troops clashed frequently on the Manchurian border, and sometimes these clashes were all-out battles at battalion or regimental strength. Both sides were testing their armies and equipment in these clashes.

THE GERMANS never persuaded the Japs to attack Russia from behind during World War II, though if they had, the Reds would probably have collapsed. Instead, the Japs looked to the rich resources of the Pacific islands

and wrecked their empire in attacking the United States and Britain, in attempting to steal them.

But Japan is coming back, Japanese leaders have just agreed to re-establish the Japanese army, for defensive purposes. The United States will furnish most of the heavy equipment. If a strong Japan emerges on the Pacific scene in the next few years, an anti-Communist Japan, it will help restore the balance of power lost when China was overrun by the Communists.

### '52 PARTY FUNDS

Political groups reporting their campaign finances to Congress spent \$23,000,000 in their efforts to swing House, Senate and Presidential elections in 1952, according to a tabulation by Congress Quarterly. This apparently made the 1952 elections the most costly in the nation's history. Of the total, Republican groups and candidates spent \$13,800,000 and Democratic groups and candidates spent \$6,200,000. The remaining \$3,000,000 was spent by labor groups, minor parties and unaffiliated political groups.

### A GALLERY SOLOMON

In a London theatre a tragedy was being played. The aged king tottered to and fro on the stage as he declaimed, "On which one of my two sons shall I bestow the crown?"

A voice came from the gallery. "Hi says guv'nor, myke it 'arf a crown apiece."

Buy, Build, Live in Canyon!

### COTTON

Ezra T. Benson, Secretary of Agriculture, has set a national marketing quota of 10,000,000 bales for cotton growers in 1954, as compared with 15,596,000 bales this year. He explained that the new quota would "mean very severe adjustments, with a heavy impact on the economy of the Cotton Belt." It will become effective if two-thirds of the cotton producers accept it in a vote on December 15th.

### MILITARY BUDGET

The Joint Chiefs of Staff have proposed a military budget for the next fiscal year which would keep the Army and Navy at about their present strength but permit the Air Force to build toward a 127-wing power in the next two years.

### WOMEN WORKERS

One out of every three workers in the United States today is a woman, according to the Commerce Department, which points out that more than one-half of these workers are married and of these, 24 per cent have children under 18.

### ECONOMIC PICTURE

The President's Council of Economic Advisers has reported that while the National economy at the end of the third quarter was a "trifle" below the April peak, the over-all picture is strong and sound.

### THE RETORT COURTEOUS

Suitor: "Is that an eight-day clock?"

Girl (bored): "Why don't you stay a little longer and find out?"

Dr. Nathan M. Pusey, new head of Harvard University School: "Our need is not for religion for the future but for religion now."

### U. S. EMPLOYMENT

Employment in the United States was estimated in September at 63,500,000. Unemployment during the same month represented two per cent of the total civilian labor supply. This is just above the peace-time record unemployment low of 1.9 per cent in August, but well under the 2.3 per cent of September a year ago.

### GOVERNMENT SPENDING

Government spending declined during the third quarter of the present calendar year at an annual rate of \$1,500,000,000, a rate of \$82,000,000,000 a year. However, this was \$4,750,000, more than a year before.

### Howell-Poindexter Engagement Is Announced at Tea

MISS TEDDIE HOWELL

On Sunday afternoon from 3 to 5 o'clock the lovely country home of the Stacy Howells was the setting for a charming tea given by Mrs. Howell to announce the engagement and approaching marriage of their daughter, Teddie, to John E. Poindexter, son of John Poindexter and the late Mrs. John Poindexter of Baird.

Sixty guests calling during the tea hours were greeted by Mrs. Howell, the honoree, and Mrs. Henry Ford, aunt of the bride-to-be. Mrs. Frank Stallings, Miss Martha Montgomery of Shamrock, Mrs. Hallie Earthman of Olton, and Mrs. Duane Howard registered the guests.

Mrs. Howard and Miss Nelda Ruthart presided at the coffee service.

The beautiful table laid with grass linen, appointed with silver and crystal, was centered with an open green satin heart which was outlined with pink tulle and green seed pearls. In the upper right hand corner of the open heart hung two small pink satin hearts on ribbon streamers bearing in gold braid the names "Teddie and John." Above the small hearts nestled in the center of a delicate pink bow was a white wedding bell inscribed "Nov. 25." Pale pink carnations surrounded the large heart.

Mrs. Earthman and Miss Alice Mae Simms played appropriate selections for a musical background.

Other members of the house party included Mesdames Ray McReynolds, D. M. Foster, Leonard Ford of Claude, Crews Henry, and Ruth A. Hill.

#### WOMAN'S WESLEY BIBLE CLASS MEETS IN HOME OF MRS. GORE

The Methodist Woman's Wesley Bible class met October 14 in the home of Mrs. L. L. Gore with Miss Bessie Hill and Mrs. J. C. Curb as co-hostesses.

As is usual with the class the meeting was a covered dish luncheon with a bountiful dinner the secondary attraction — fellowship and worship being the greatest enjoyment.

This gathering was no exception. Conversation about objects of interest, display by Mrs. Lillie Foster of a silk quilt pieced by her 90-year-old sister, a sample of grapes raised in Canyon, a duet, "I Am a Stranger Here," sung by Mrs. L. L. Hill and Mrs. Foster, and souvenirs of two damson plum seeds apiece were some of the highlights of entertainment.

Special guests were neighbors Mrs. Brown, Mrs. L. L. Hill, Mrs. Hines, Stevie and Mickey.

#### 'CANCER' IS TOPIC OF STUDY FOR WOMAN'S BOOK CLUB

The Woman's Book Club held its October 14 meeting in the audio-visual room of the college library. Mrs. Campfield, program leader, introduced the subject of cancer with a discussion of its symptoms and cures. Leaflets regarding the research work being done at the M. D. Anderson Hospital at Houston were distributed to members and guests.

Two films on cancer were shown by Mrs. W. L. Smith. Dr. Leta Boswell, of Neblett Hospital, conducted a question and answer period which gave additional information on means of detecting cancer in its early stages.

A business session followed the program.

Twenty-seven members answered roll call. Dr. Maxine Heinrich, intern at Neblett Hospital, was a guest of the club.

#### NOTICE

Pursuant to Article 2326, Revised Civil Statutes of Texas, as amended by Chapter 418 (Senate Bill 184), Regular Session, 53rd Legislature of the State of Texas, effective August 26, 1953, and Order of the District Judge, 47th Judicial District of Texas, made thereunder on the 1st day of October, 1953, the salary of the Official Court Reporter for said District has been fixed at \$6600.00 per year, from and after October 1, 1953; to be paid monthly by each of the three counties composing said district in proportion to the population thereof as shown by last United States Decennial Census of 1950. (Said Potter County, being in two, to-wit, the 47th and 108th Judicial Districts, to pay of such salary an amount computed on basis of one-half of its population, as provided by said law, the amount of \$4596.24 per year.

### Colorful Floats To Take Places In Big Parade

Nearly 30 colorful floats and nine area high school bands will join for the big West Texas State College Homecoming Day parade through Canyon Saturday at 3 p.m. Prizes to winning floats will be awarded by the Canyon Chamber of Commerce, which sponsors the parade.

The parade will form at 2:45 p. m., with each float and band in its designated place on Third Avenue. Line of march will be south on 15th Street, around the west, south, and east sides of the square, and down Fourth Avenue to Buffalo Stadium. The three winning floats will be presented at the stadium, where crowning ceremonies are scheduled following the parade for WT's Homecoming Queen.

Bands participating in the parade are the Buffalo Band, Canyon, Dimmitt, Lefors, McLean, Pampa, Canadian, Hereford, and Panhandle. They will also present a half-time show during the Buffalo-Hardin-Simmons game at 8 p. m.

Campus floats will be entered by Pi Omega, Gamma Phi, Delta Zeta Chi, and Kappa Tau Phi sororities, Alpha Sigma Xi, Epsilon Beta, and Tau Tau Tau fraternities, and Sigma Beta Mu and Nu Gamma Phi, business fraternity and sorority. Dormitories this year will decorate the various residence halls instead of entering floats. Balance of the parade will be made up of commercial floats and special events entries from merchants and organizations in Canyon.

First prize of \$75 will go to the best organization float; a second prize of \$50 will be awarded to the best commercial float, and \$25 will go to the first-place special events entry.

### Allen Early Talks On Visit to Rotary International

Allen Early spoke Tuesday at the Canyon Rotary Club luncheon on his recent visit to Paris, France, where Rotary International was held. Mr. Early was accompanied by his wife on the trip, the second that he has made in five years.

"You suddenly become a foreigner when you leave the United States," stated the speaker. This sudden readjustment causes most people to stop and think. "We usually connect this phrase with the lowly and dirty people in this country, but here we are placed in this class of persons while visiting abroad," stated the speaker.

Finding his hotel was the first problem encountered in Paris. Two hotels by the same name were in Paris, and naturally they were taken to the wrong one first. Due to the fact that hotels in Paris are rather small the Rotarians, 10,000 strong, together with members of their families, were scattered over a large area.

The sessions were all conducted in English, and the speaker was amazed to find practically all leading business and professional men speaking four or five languages.

While Rotarians are small in number in France and Germany, members in these two nations are doing their best to break down the barriers of fear between the two nations.

As a whole the speaker found the people friendly and hospitable, and the number of obnoxious Americans very few in number. The contacts which were made will be of lasting results.

Dr. James P. Cornette announced the Homecoming events for Saturday. This annual event is more than a meeting of former students. All citizens are urged to meet and greet the exes who come for this event.

Visitors were: Sheriff L. S. Johnston of Canyon; Van H. Allm, Dr. Roy Boger, Tom Cartwright, Denzel Dean, Irving Tolzien, all of Amarillo.

The greater the obstacle, the more glory in overcoming it. — Moliere.

TRASH PICK-UP AND COLLECTION by the city is being impeded by individuals who do not maintain proper trash receptacles and who scatter trash and garbage in the alleys. Everyone is asked to abide by the following rules and by so doing will enable the city to give faster and more frequent trash pick-ups.

1. Maintain good garbage barrels of not more than 55 gallon capacity.

2. Wrap trash or garbage that is subject to decomposition before placing it in garbage barrel.

3. Put feathers, grass cuttings, yard cleanings, leaves and broken glass either in barrels or paste board boxes to keep from scattering.

4. Heavy accumulations, such as bricks, rocks, broken concrete, lumber, dirt, sand or gravel, tree trunks and other heavy bulky material shall be disposed of at the expense of the owner or person controlling same.

If your present trash barrel has the sides or bottom out be sure to replace it with a new barrel.

Barrels may be secured by calling the City Hall. Barrels are now \$1.50 each.

## H-SU To Meet Buffs Here for Homecoming

ABILENE: The Hardin-Simmons University Cowboys, who haven't fared so well in non-conference games, get their first taste of loop play Saturday night when they go against Coach Frank Kimbrough's West Texas State Buffaloes at Canyon.

The game Saturday will mark the 26th football meeting between the two schools. It will also mark the second time that Coach Murray Evans will be matching strategy with his former teacher, and coach, Frank Kimbrough. The first meeting of the two schools was in 1921 and the Cowboys walked away with a 28-0 victory. H-SU won again in 1922 by the score of 35-9. West Texas won 6-0 in 1923. But since that time the Cowboys have built up a decided edge with a series record that now reads 21 wins against four defeats.

Never has there been a tie in the 25 games. The Cowboys have scored 535 points in the series,

the Buffs, 189.

The Buffs won 19-7 in 1949 and in 1950 they dealt out the worst Border Conference licking to the Cowboys to the tune of 47-31. H-SU won over West Texas State 27-6 in 1951 and 25-6 last season.

### OUTPUT OFF

Industrial production "declined slightly" in September, after a "substantial" increase in August, according to a Federal Reserve Board report. The report noted declines in such activities as construction, crops, and consumer spending. However, September industrial production was 136 per cent higher than the average for the years 1935 to 1939. In August it was 138 per cent above the base period.

### NEGOTIATIONS

Under Secretary of State Walter Bedell Smith declared that if the Soviet Union offers some concrete evidence that it would enter the negotiations in good faith, this country is willing and ready to discuss with them proposals for ending the cold war.

### 3-D CHURCH WINDOWS

Jackson, Miss. — Two of the stained glass windows in the Trinity Lutheran Church here are three dimensional — the only ones of their kind in the world.

# SCHOOL TAXES

School taxes for 1953 are now due and payable.

Liberal discounts are allowed for early payment of taxes:

3% during the month of October  
2% during the month of Nov.  
1% during the month of Dec.

Net payment during Jan., 1953

Taxes unpaid will become delinquent on February 1, 1954.

Office in the Court House

## Buffs Lose to Sun Devils in Border C. Game

West Texas State College Buffaloes dropped the fourth game of their 1953 season schedule Saturday night to their host, Arizona State College at Tempe, with a final score of 20 for the Buffs and 39 for the Sun Devils.

The Buffs matched the Sun Devils and even forged ahead of them until about midway through the third period. The Buffs had passed the Sun Devils with a touchdown and an extra point, and the score was 20-13. During the final part of the third quarter and the fourth the Sun Devils racked up four touchdowns and two extra points while holding the Buffs scoreless. It was the fourth game of the season for the Buffs and their third defeat. They tied the McMurry Indians here by a score of 20-20 on September 26.

The three Buffalo touchdowns were made by Wheelchel, Copeland, and Hillman. It was also Hillman who booted the extra points, making two good ones out of three kicks.

Saturday night the Buffaloes will be at home for the big Homecoming game. This game will be with the Hardin-Simmons University Cowboys and will begin at 8 o'clock in Buffalo Stadium.

## Foust's Western Band Appears Here Saturday

For approximately an hour Saturday afternoon the people on the streets of Canyon were the guests of Billy Foust and his Circle Arrow Boys, KGNC-TV entertainers. The musicians were brought here by O. W. "Bud" Parker, Jr., owner and operator of the local Western Auto Associate Store.

Foust, one of the local colorful Western band leaders, was minus three of his gang, but carried on with the music anyway. The boys were on a truck in front of the Western Auto Store. In speaking about the shortage of musicians, Foust said, "It doesn't matter about the piano player, we don't have a piano anyhow, but we would like for you to see and hear the trombone player."

A large crowd gathered to listen to the Western music and watch the antics of the highly animated Billy Foust as he directed the Western style music. The program followed the regular Saturday cash drawing.

### CONSUMER DRAFT

Consumer credit increased \$217,000,000 in August to \$27,434,000,000, according to the Federal Reserve Board. The increase was about one-third less than the rise in consumer debt in the same month a year ago. The August increase was almost entirely in installment credit.

They are here! They are here! Those fine bulbs from Holland. You will find them at Stevens Flowers and Stevens Floral. 2712

The public pleasure of far the greatest part of mankind are counterfeit. — Samuel Johnson.

## Goblins Lurk Careless Man Behind Wheel

"Halloween is just around the corner, and the traffic goblins will get you if you don't watch out!"

This isn't an idle threat from the kindergarten set, it's a deadly serious warning from, of all people, Col. E. B. Tilley of Houston, president of the Texas Safety Association.

"Sure, I believe in goblins," Col. Tilley said today as he discussed the dangers that lurk in Texas streets and highways on Halloween. "But don't get me wrong. I'm not talking about the spooks that bring scared squeals from the youngsters. The goblins I fear, are the traffic goblins who victimize unwary kids as they go about their 'haunting' on Halloween."

HE SPOKE in support of the Night Traffic Hazards program which the Texas Safety Association and the Texas Department of Public Safety are conducting during October.

Col. Tilley pointed out that youngsters are likely to let safety rules go by the board in the excitement of scaring and being scared on Halloween. He said, "Many of the child fatalities and injuries that occur on this holiday are caused by youngsters dashing out into the street, often dressed in dark costumes and wearing masks."

"MASKS PREVENT the children from seeing clearly," he said, "and dark costumes prevent the motorist from seeing them. It would help a lot if parents would try to get the kids to take off the masks when they go outdoors. Parents should also see that the youngsters wear only light colored costumes or outfits trimmed with white or reflectorized material."

"The best way to keep the kids safe," Col. Tilley said, "is to keep them off the streets. I know this isn't easy, but if parents plan home or community parties, it can be done."

HE URGED parents to band together to see that sufficient parties and gatherings are provided in their communities to keep the youngsters entertained. If this is done, he said, there will be little inducement for them to go roaming the streets.

He also reminded motorists to keep a constant look-out for children and to be especially careful when driving in residential areas.

## Wayside News

Rev. Merle Weathers filled his regular appointment Sunday.

Several from Wayside attended the Farm Bureau meeting and barbecue at Claude last Wednesday night. Congressman Walter Rogers was speaker. The Adams brothers, Jimmie and Leslie, of Wayside rendered special music. A pleasant evening was spent by all.

Mrs. Chas. Kennedy and boys were Canyon shoppers Saturday p. m.

Mr. and Mrs. John McGehee are enjoying a new Ford automobile. Mr. and Mrs. J. M. Malone and son, Tom, of Amarillo spent part of last week in the J. R. Stockett home.

Mrs. Fannie Stevens recently attended the funeral of her brother in Whiteface, and in a few days was called to Oklahoma to attend the funeral of a sister-in-law.

Little Joy Lane spent the day Thursday with Johnny Lee Kennedy.

A 2c Cordie Mahler is home after serving his time in the service of his country.

J. R. Stockett made a business trip to Claude Monday.

Mr. and Mrs. Carol Dean Rogers spent last Sunday with her parents, Mr. and Mrs. Lester Bryan, of the Fairview community.

Mr. and Mrs. Hollis Shipman and Nan Earle visited last Monday p. m. with T. H. Shipman and the Ira Schrib family.

### GO AWAY, VACATION

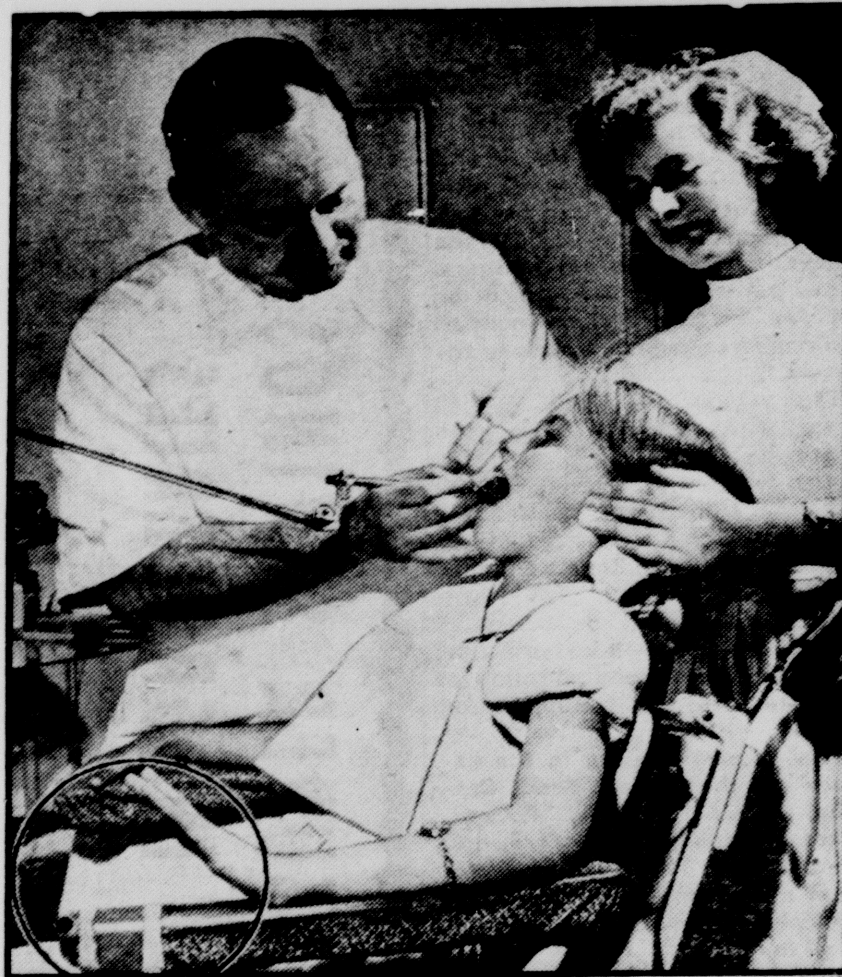

The season ends at Perch Paradise, leaving only wonderful memories, and the horrible apprehension that the nice little couple from Cleveland we invited to drop in on us any time might do it.

### QUICK CLEAN-UP

Greenfield, Mass.—Two convicts slipped away from jail recently, looted a house of \$4,000 in jewelry and clothing and returned to the lock-up 45 minutes later, with their absence unnoticed. Their escape might never have been known if they had not tried to sell some of their loot to a fellow prisoner, about to be released.

Pakistan's needy will get U. S. wheat free.

## Prompt Pump Repair Gearheads A Specialty

What can you gain by waiting? If you have gearhead trouble, or a faulty pump, it won't get better until someone fixes it. You'll have to fix it before you can pump, so why not call Kenny right now. If you've taken work to Kenny before, you know he gets it done right. Ratio changes and gearhead repair are done right in Kenny's well equipped, well staffed shop. Call Kenny for pump repair too.

## Useful Hobbies

Time spent foolishly is time wasted!

Many of us, students of CHS, do not realize how much time we waste in just "fooling around." Why not put your spare time to use?

A hobby is a good way to use up that spare energy and develop your mind as well as relax your body and give you pleasure.

Studies seem a chore, but make studying a hobby and you will find it easier. Make learning a pleasure, not a pest.

Active hobbies become an asset to you. If you are the athletic type you will find that sports can get your mind off of your worries, and give you a peace of mind as well as entertainment.

Being kind and friendly to others is a very useful hobby by which you can make friends who may become very helpful and wonderful to have in later years. Friendship is one of the most valuable treasures in the world!

Hobbies take up your extra time, but they also make you a better person by helping you to be a better student, sportsman, or citizen.

## Scholarship

Having and maintaining good scholarship is a high ideal that is desired by many and attained by few.

The word scholarship is often misused. Scholarship is defined as "the possession of knowledge gained by study or the quality of learning or knowledge." Many people think that scholarship is attained by hard work. This belief is true. But, in believing this, some people don't make the effort to be good scholars.

Good scholarship is having passing grades, keeping up with your work, and studying regularly.

Scholarship should not mean that a person is a "privileged character" because he has a high scholarship. It should not be mistaken for an excuse for being exempt from having your work in on time. It does not mean that you can skip a class or study hall. It does not mean that you can be absent from school anytime you have the desire to be.

Poor scholarship is caused by reasons the exact opposite of the reasons for good scholarship. Those reasons are slouching on your job and blaming your low grades on someone else.

How does one become a good scholar? By studying daily and having his work in on time. Also, by having the desire to be a good scholar and by putting that desire into effect.

How high is your scholastic temperature?

## The Eagle's Tale Elects '53 Staff

Headline writing! Copy reading! Features! News! Sports! Interviews! The first semester Eagle's Tale staff is really a busy group.

New staff is: Jeanice Eppler, editor; Frances Pennington, associate editor; Helene Meyer, news editor; David Miller, feature editor; Joe Dickerson, sports editor; Jerry Martin, art editor; Ada Glynn Wortham, circulation editor, and Opal Dawson, copy reader.

## '53-'54 Senior Class Sells Grid Programs

To raise funds for senior class activities, the class of 1954 is selling football programs at all home games.

Two more football games will be played on home territory this season and the cooperation of the student men in Canyon and of the student body is helping to make this project a success.

I guess you kiddies can relax and read ole Cal now that the tests are over and the 'port cards out. Ole Cal wuz copin' down a radio recipe for Mrs. Penick, but Mrs. Lisle wuz doin' her exercises to the other station, and Cal got kinda confused, but here's the recipe.

"Hands on hips, place one cup 'o flour on your shoulder, raise knees and depress toes; mix thoroughly in one-half cup 'o milk, repeat six times. Inhale quickly one-half teaspoon 'o bakin' powder, lower the legs and mash two hard-boiled eggs in a sieve; exhale, breathe naturally and sift in a bowl. Attention! Lie flat on the floor and roll in the whites of two eggs backwards and forwards until it comes to a boil. In ten minutes remove from fire and rub smartly with a towel. Breathe naturally, dress in warm flannels and serve with tomato soup."

Guess ole Mr. Schuette would be plum embarrassed if he heard 'o the doin's and sayin's in the typin' room the other day while ole Cal and a few other slaves wuz tryin' to get out The Eagle's Tale.

Seems the deadline had passed and no one wuz ready for it. That kinda made us nervous. "Oh, Darn, I hit the t instead of the r. Pass the eraser." "Gosh, are you finished already? I'll be here till doomsday." "No, I've got to see Miss Payne." ad infinitum. Now you kiddies know the secret of being a journalist. Have plenty of time!!

Durin' vocabulary review Jon Cross was asked what stoic meant. Ole Jon said, "Gee teacher, dats de boid dat brings de little babies."

Don't forget, "Beat Shamrock!!"

## FFA Show Cattle At Fair in Dallas

Raymond Hinders, Norman Tueck, and Foster Parker, FFA members, are attending the State Fair in Dallas October 16-25, showing the following entries: two Holsteins; two milking shorthorns; a Hereford show steer, and an Angus show steer.

The Holstein heifers are being shown by Raymond Hinders. One of them was Junior Champion of the open class at the Amarillo show and also won her class at Lubbock.

The milking shorthorn heifers and the Angus belong to Norman Tueck. These heifers won first in their class in both Amarillo and Lubbock. The Angus weighs over 1100 pounds.

The Hereford steer belongs to Foster Parker and also weighs over 1100 pounds.

## Choir Members Present Concert

Nine different groups, under the direction of Miss Ada V. Clark, presented the first choral concert of the year recently.

The freshman girl's ensemble sang "The Best Things in Life Are Free," and the freshman girl's Sextet sang "Over the Rainbow."

A duet, Ray Green and Edward Wells, gave its rendition of "Song of the Open Road" and "Sleepy Hollow Tune," before the sophomore girl's ensemble crooned "Lover Come Back to Me" and "Make Believe."

"Silver Moon" and "Little Church Around the Corner" were sung by the junior girl's ensemble.

A boy's ensemble sang "When the Banjo Plays" and the senior girl's ensemble warbled "Dinah" and "Dancing in the Dark."

The mixed choir finished the program with four numbers. They led the audience in singing "My Beautiful Lady" and then blended their voices to sing "My Homeland," "Climbin' Up the Mountain" and "Enchantment."

## Menus

Wednesday, Oct. 21: Meat Balls, Brown Gravy, Rice, Buttered Peas and Carrots, Celery Sticks, Bread, Butter, Milk.

Thursday, Oct. 22: Hot dogs, Mustard, Chili, Onions, Buns, Pickles, Potato Chips, Ice Cream and Cookies, Milk.

Friday, Oct. 23: Fried Fish, Escalloped Potatoes, Mustard-Spinach, Cabbage-Pickle Salad, Cornbread, Butter, Pineapple Chiffon, Milk.

A prehensile tail is one which can grasp or coil around an object.

## D. A. Shirley FTA Installs Officers

New members and officers of the FTA were installed at a meeting held Monday, Oct. 19, in the home of the Iverson Leakes.

Seventeen new members installed were: Ray Green, David Miller, Helen Hood, Agnes Measamer, June Davis, Betty Burrus, Juanelle Burrus, Nancy Adcock, Don Wells, Ellen Johnson, Peggy Sheets, Opal Dawson, Louise Hunter, Edward Wells, Joe Dickerson, Rhea June Ford, and Rita Jo Crow.

Officers installed were: Wanette Green, president, Alice Simms, vice-president, Nancy Riley, secretary, Ann Moore, treasurer, La Nelle Gum, historian, and Virginia Leake, reporter.

Mrs. Alma Perkins, president of the Classroom Teachers, acted as installing officer. Mrs. Irene Beard is faculty advisor.

A short business meeting was held after the installation. The FTA song was sung by Wanette Green, La Nelle Gum, and June Davis.

## Four FFA Members Attend Convention

An award of merit and a check for \$150 made it possible for Raymond Hinders, Canyon FFA member, to attend the National FFA Convention in Kansas City, Oct. 12-15. Norman Tueck, president of the local chapter, Larry Stroup, vice-president, and Jack Cormick, sentinel, also attended. They were selected by members of the chapter to attend the conclave.

Norman has been president of the Amarillo district and of the local chapter. He was third high man in the Dairy Judging Team for 1953 at Texas Tech.

Jack is vice-president of the Amarillo district and in the Canyon chapter he is sentinel.

Raymond is the state officer from Area I and was its secretary last year.

Delegates from 48 states and two foreign countries attended to make this conclave one of the best, since this year is the Silver Anniversary year for the FFA.

## School Prayer

All of us who have entered the fellowship of Canyon High School thank Thee, O God, for our many blessings. May we keep a good place in our hearts for every friend we have found in the classroom, on the campus, or on the field of play. May the interest and patience of our teachers toward us be like springs of hope that give us a strong faith in our best possible selves. May the knowledge we gain here be wholesome seed planted in rich soil.

Help us to keep in our minds the realization that our parents have sacrificed much that this school may flourish, and our lives be made more abundant.

Grant that in humility of spirit all of us may ever look unto Thee, who art The Fountain of all Wisdom; in The Master's Name, Amen.

## SPORTS Column

On Friday, October 9, the teams in District 1-AA started battling it out for the district crown. There are seven teams: Dalhart, Shamrock, Phillips, Dumas, Perryton, Hereford, and Canyon.

Dalhart started the conference games with a narrow win over Canyon, 13 to 7. The other district game was at Shamrock where Shamrock beat Hereford, 25 to 19. Phillips and Perryton played Saturday night, October 10, with the Blackhaws taking an easy victory, 40 to 19. Dumas defeated Littlefield in a non-conference tilt, 38 to 13.

Canyon's next conference game is Friday evening when they travel to Shamrock to meet the Irish. The Eagles had an open date last Friday so they have had lots of time to prepare for the Shamrock game.

Let's all go out and support the Eagles. They have shown good stuff this year and they are sure to entertain you, win or lose.

Last week I mentioned something about standouts. Well, the Quarterback Club will pick a player of the week for each game. For the Happy game the choice was Joe Britt, a very able tackle for the standout in the Panhandle game R. A. Burgess was selected as the standout. R. A. plays fullback.

For the Memphis game it was a hustling halfback, Don Beck. For the Tulsa game it was a guard, Larry Porter. These four are fine ballplayers, says the Quarterback Club . . . CHS echoes YEAH!

A garage man can legally hold a car until the repair bill is paid.

## Work Has Begun On Soaring Wings

The "Soaring Wings" annual staff is working on layout and photography for the high school annual.

The annual staff is: Camilla Davis, editor; Nancy Adcock, assistant editor; Barbara Winters, copy editor; Edwina Caskey, assistant copy editor; Jerry Martin, art editor; Jon Cross, staff photographer; Hugh Greiner, business manager; Gladys Leseberg, assistant business manager; Roberta Grigsby, sales manager; Alby Ann Kuehler, supply manager; and Mona Beth Gillham, ads campaign manager. Mrs. Nora Gilmore is staff sponsor.

The art class is working with the staff this year on the layout which is one-fourth complete. All teachers have been asked to have their pictures made, and work will begin on student pictures in a short time.

## CCYC Supervises Rally and Assembly

Canyon Christian Youth Council sponsored a rally October 18-19-20 to stimulate enthusiasm in church attendance of the youth in the community.

The CCYC was also in charge of assembly Monday. Charles Boling gave a short devotional. A comical skit was presented to advertise the rally.

New officers are David Miller, president, Lilamay Hunter, vice-president, Janelda Cunningham, secretary, Al Myers, treasurer, Ray Green and Frances Pennington, publicity chairmen, Jerry Matsler, Charles Joyner, Jim Flynn, Mary Alice Bauer, Annette Meyer, representatives.

## CCYC Announces Milk Solicitation

For the price of a comic book you could send a hungry child a glass of milk a day for two months. For the price of a movie and a sack of popcorn you could send a glass of milk a day for a year.

The CCYC in cooperation with CROP will collect money for "Milk for the World's Hungry Children" on Thursday, October 29. Members of the CCYC will gather at the Methodist Church at 7:30 and will cover Canyon "Trick or Treat" style to collect donations. Money collected will pay for the shipment overseas of powdered milk given CROP by the Government.

Refreshments will be served and games will be played until 9:30 at the church. All high school and junior high school students are invited and urged to participate.

### CAJOLING LIZZIE

One hears a great deal about the absent-minded professors, but none more absent-minded than the dentist who said soothingly as he applied the pliers to his automobile:

"Now, this is going to hurt just a little."

### IT CAN

Sign in dance hall: "The management can eliminate any woman it thinks proper."

### ABOUT WHEN

A country has about hit bottom when an honest man is the only one who doesn't know how to keep out of jail.

### NOT NOW!

Anyone who thinks chemical warfare is new doesn't know much about perfume.

## Bandsters Elect Representatives

In a recent meeting, CHS bandsters elected officers and band council members for the coming year.

Charles Miller, senior, will serve as president with Norris Samuelson, junior, who was elected unanimously, as vice-president.

A slim majority gave Jo Ann Mickey, senior, the position of secretary and Joe Dickerson, the position of treasurer.

Each year four representatives, one from each class, are selected to serve with the officers and director as the band council. Those who will serve in that capacity this year are Edward Wells, senior, June Davis, junior, Kathy Truax, sophomore, and Wilfred Taylor, freshman.

Clyde Swartzell, assistant director, was chosen by acclamation as sergeant-at-arms, and keeper-of-the-paddle.

Announcement was made by Director Herman Demus that the material for the twirlers' uniforms has arrived, and the twirlers will be wearing them at the Shamrock game.

Frederick A. Barry, author: "Communism cannot be overcome by argument alone . . . it must be outlived."

Harry S. Truman, former President: "They (the Russians) can gain nothing from war, but catastrophe."

Carlos P. Romulo, Philippine Delegate to the U. N.: "It is better to fight with words than with bullets."

Nathan Howard Gist, religious writer: "The most effective language is that which is simple and direct."

Oscar Wilde, author: "To do nothing at all is the most difficult thing in the world, the most difficult and the most intellectual."

Do not bite at the bait of pleasure till you know there is no hook beneath it. —Thomas Jefferson.

### PORTENT

It looks like an exciting time ahead, judging by the fact that a typewriter company is adding an "!" key to the standard model.

There are only three pleasures in life pure and lasting, and all derived from inanimate things—books, pictures and the face of nature. —William Haylitt

Governor Warren was sworn in as the 14th Chief Justice of the United States in a simple ceremony which was witnessed by President Eisenhower.

Stassen declares that the Point 4 program remains unchanged.

Mayor calls criticism of city finances "pure bunk."

### LOOKING AHEAD

Throck Morten: Do you think someone can really tell the future by looking at cards?

Al: My ma can. She took one look at my report card and told me just what would happen when Pop got home?

Philip J. Finnegan, Chicago judge: "A man may slap his wife. If more wives were slapped, there'd be fewer divorces."

L. W. Youngdahl, Federal judge: "The drunken driver is as great a menace to the dignity of human life as is Communism."

The great pleasure in life is doing what people say you cannot do. —Walter Bagshot.

Phone 140

At Midnight Saturday, Oct. 31

All Canyon telephone numbers will change at midnight Saturday, October 31, when the city's dial system goes in service.

From that moment, all the numbers in your old telephone directory — numbers you have been calling from memory, numbers you have jotted down somewhere — will be WRONG numbers.

Canyon's new DIAL telephone numbers will be listed in the new GREEN directory, which will be delivered to you before the new system goes in service.

Until the change is made on October 31 please continue to use your present directory. After the new dial system goes into operation late that night, be sure to look up the right number in the new GREEN directory before you call.

## HOW TO USE THE NEW SYSTEM

Suppose you want to call 5-2499: freely. In the same way, dial the figures 2, 4, 9, and 9 in order.

Place the receiver to your ear, and listen for a steady hum — the dial tone. Place your finger in the dial opening over the figure "5." Pull the dial around until your finger strikes the finger stop. Remove your finger and let the dial spin back

When you have finished dialing, you will hear a "burring" sound if the called telephone is ringing. If the line is busy, you will hear a fast buzz-buzz; hang up, and try again after a short wait.

## Just Between You, Me . . . ... and the Gatepost

By Lawrence Hurnicutt

Friday was the halfway mark in the football season. The Eagles paused for an open week-end and rested from the five games played and for the five games yet to go. The toughest part of the season is still ahead. That's when the Eagles meet such fine teams as Phillips and Dumas. The local grid team has dropped two of their five starters and if they can hold that average during the last half of the season, they'll be flying.

This fall Indian Summer has turned out to be more like a typical spring. We've been having thundershowers, April showers are a little late, hail and some high winds as though it were March or April. Then after the showers things popped up green just like March or April with the following weather cooperating more like June.

The kind of weather we're having is nice on those who are attending night football games, the warm weather, that is. Football fans probably wouldn't appreciate a rain like we had last week. That would be too much like throwing a wet blanket on the entire affair.

Almost every week is a national occasion for either doing or not doing something. Last week it was national Fire Prevention Week, but what we're wondering about is when there will be a national auto crash prevention week. Every week should be such a week but in order to get us started on the right track we probably need an example. At least if we could get one week free of useless injury and death on the highway, we would have a goal to try for during the other 51 weeks of the year.

Kenny Goodman is after our scalp. It seems that the fish story he told about Bill Downing that appeared in the column last week was not supposed to be let out to the public. So, those of you who read the column got in on an inside story, or a fish tale, whichever you prefer to call it.

Last week and this week are both sort of special for many of the people in this vicinity. Last week Loyd Devin and Waylon Carroll were proud of the fact that some of the F.F.A. boys were attending the big national convention in Kansas City. It was a very special occasion with President Eisenhower climaxing the convention with a major address.

This week County Agent John Brazzil has two boys going down to the State Fair at Dallas to show off some prize steers. The boys are Albert Craig and Weldon Tucek. Craig is an old hand at 4-H club showing and this one will be his last in this organization. Weldon Tucek is a beginner, this being the first year for him to feed and show a steer. Both boys will be exhibiting Hereford steers, the kind that are typical of this country.

As far as local gossip is concerned, this has been a very dull week. The girls at the Canyon Drug didn't even know any gossip, printable, that is. In fact, all conversation sort of clunked to a dull stop last week as people realized a newspaper man was near. Nobody seemed to have an answer ready to the age old question, "What happened?"

Early last week Riley Troth did come in and render a report on the coffee at the Methodist Church Wednesday morning. Emmitt Smith made the coffee to sort of wake the people up and get them prepared for the revival service. The breakfast was held at 6:30 and the service was to begin at 7:00. Although the coffee was strong enough to walk, those who drank it said it only kicked.

Some men can drive a car with one hand and their girl friend crazy with the other at the same time.

Many times when a girl's nose itches, it's a sign her boyfriend has a mustache.

Many an old-timer will tell you that he got as far in a horse and buggy as a young fellow gets nowadays in a sleek automobile.

## Bugbee Shows Two More Indian Murals

Two more of a projected series of 13 mural paintings depicting Indian life in the Panhandle area, created by Harold Bugbee, Clarendon artist, have been received by the Panhandle-Plains Historical Museum, according to C. Boone McClure, director.

This brings to four the number of huge canvases already completed by Bugbee, famed Western artist who is curator of fine arts for the museum. The series will be hung above the museum's ethnological displays, one of the most complete and accurate in the nation. They are on display now in the Hall of Fine Arts.

The two most recent paintings are titled "Stealing Horses" and "Herd the Ponies," both giving insight into the value of horses in Plains culture. Number of ponies owned was an indication of wealth among Comanches, tribe portrayed on Bugbee's canvases. Received last May were murals showing a Buffalo hunt and an Indian camp on the move.

A large number of Bugbee's sketches and paintings are owned and on display by the museum. J. Harold Dunn, Amarillo, recently presented two of the artist's works, and the black and white sketches used by Edward Wentworth, Chicago author, in his "Shepherd's Empire," are exhibited. Two large murals on cowboy life are on the east wall of the museum.

## A BIGGER FEAR

Nothing that has been said about atomic bombs has frightened old-timers one tenth as much as did the prediction in 1910 that Halley's Comet was going to switch its tail and smash the earth to smithereens.

Navy's speed-record jet is slated for sea duty.

Help Keep Canyon Clean!

## Appliance Dealers Meet Thursday to Plan 5th Annual Old Stove Round-up

West Texas Gas Company was host to gas appliance dealers of Canyon and Happy at a steak dinner in the private dining room of the Chuckwagon Cafe Thursday evening, October 15, to assist in laying plans for the fifth annual Old Stove Round-up.

B. F. McCarroll, district advertising manager of West Texas Gas Company, from Lubbock, and Miss Betty Vaughn, Home Service advisor of West Texas Gas Company, from Lubbock, attended to represent services of the company.

Canyon, northernmost point of the West Texas Gas Lubbock area, is one of nine points in a 23 county area at which such a dinner is held. Nine meetings are held to entertain 300 dealers in the area.

American Gas Association and Manufacturing Association initiated the first such meeting 20 years ago. During the war years they were discontinued to be reorganized five years ago.

John Hunter, manager of the local office, as master of ceremonies introduced the representatives from Lubbock at the conclusion of a most delicious supper served at a table attractively decorated in the Halloween motif.

Miss Vaughn listed services from her department as being really home service advice. Through the cooking schools they hope to give women hints and suggestions on new methods and tricks of cooking which give better meals to families, through demonstrations in individual dealer's shops to give his customers better understanding and a wider use of that particular range. Through working with the customers in the homes to help housewives in any problem the dealers are helping her to use the ranges to full economical and convenient use.

Mr. McCarroll complimented the dealers on their "push" in attractive, eye-catching display of merchandise. He stressed the fact that local merchants in any vicinity are the greatest asset to a customer through the service that he renders

to the customer.

Those present were Mr. McCarroll and Miss Vaughn from Lubbock, Mr. and Mrs. Wm. F. Miller, managers of the West Texas Gas Company in Happy, Mr. and Mrs. Keene McDonald and Foster Harmon, dealers from Happy, Clarence E. Thompson, Mr. and Mrs. O. W. Parker, Mr. and Mrs. A. M. Cunningham, Mrs. Leslie Key, S. L. Terry, Canyon dealers, J. E. Hunter, Chester Reynolds, Jim Boyce, and Mrs. Gladys Haines of the Canyon gas office, and Mrs. Guy B. Tabor of The Canyon News.

## LONG-DISTANCE RATES

The Federal Communications Commission, in a split decision, authorized a rate increase of 8 per cent for interstate long-distance telephone service of the Bell Telephone System, effective as of Sept. 30, at midnight. The increase is expected to bring the System's gross increase of \$65,000,000 and a net increase of \$35,000,000 in annual revenues.

## DEPORTEES

Deputy U. S. Attorney General William P. Rogers has reported that, in the eight months since the Republican Administration took office, 578 alien criminals and subversives have been deported. Of the group, 42 were classed as subversive.

## U. S. SUPREME COURT

The average age of the nine members of the U. S. Supreme Court, with former Gov. Earl Warren on the bench, is 63 years. This compares with an average age of about 71½ in 1937, when President Roosevelt sought unsuccessfully to enlarge the court. The oldest member of the Court is Justice Felix Frankfurter, 71, the youngest, William O. Douglas, 55.

### NOTICE TO DEBTORS AND CREDITORS

THE STATE OF TEXAS, COUNTY OF RANDALL, TO THOSE INDEBTED TO, OR HOLDING CLAIMS AGAINST THE ESTATE OF GLEN R. MCGAHEY, DECEASED:

The undersigned having been duly appointed executor of the Estate of Glen R. McGahey, Deceased, late of Randall County, Texas, by Roy Joe Stevens, Judge of the County Court of said County on the 5th day of October, A. D. 1953, hereby notifies all persons indebted to said estate to come forward and make settlement, and those having claims against said estate to present them to him within the time prescribed by law at his residence, in Canyon, Randall County, Texas, where he receives his mail, this 5th day of October, A. D. 1953.

Levi Cole, Executor of the Estate of Glen R. McGahey, Deceased. 2614

### CITATION BY PUBLICATION

THE STATE OF TEXAS  
TO: GLEN BENDER, Defendant,  
Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Randall County at the Courthouse thereof, in Canyon, Texas, by filing a written answer at or before 10 o'clock a. m. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 16th day of November A.D. 1953, to Plaintiff's Petition filed in said court, on the 31st day of August A.D. 1953, in this cause, numbered 2634 on the docket of said court and styled W. D. STONE, Plaintiff, vs. EILEEN DUGGAN BENDER, et al. Defendants.

A brief statement of the nature of this suit is as follows, to-wit: Suit for change of custody of minor children of marriage between plaintiff and defendant, Eileen Duggan Bender, the said Glen Bender being the present husband of the said Eileen Duggan Bender, the petition of plaintiff alleging that defendant, Eileen Duggan Bender, is an unfit person to have the care, custody and control of said minors, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and seal of said court at Canyon, Texas, this 1st day of September, A. D. 1953.

ATTEST: ETHEL MULLINS, Clerk,  
District Court Randall County,  
Texas

(SEAL) 2614

## War Jitters Threaten the Peace Of the Eisenhower Administration

The Republican Administration is faced with a real problem as a result of the growing tension between East and West following the Russian announcement about the H-bomb. President Dwight D. Eisenhower is aware of the fact that too much excitement and high feeling can cause an unmanageable situation, if a crisis develops.

Yet government officials and ordinary citizens alike have thought seriously about the possibility of aerial war since the USSR announcement. Government officials are frank to admit this country's productive industrial power is not prepared defensively for war. They are just now beginning to get alarmed over prospects and that's because they haven't taken the thought of a possible Red aerial attack too seriously up to this time.

Now they are wondering about plant dispersal, underground factories, etc. Little, if anything, has been done along this line in most areas — even in highly concentrated industrial areas which are sure to be hit if hostilities start. It could be too late, if war comes any time soon.

**THE NEW** administration, however, is inclined to take a more conservative view of the Russian threat than did the former Democratic Administration. That administration felt that next year — 1954 — was the crucial year and that the western world should prepare itself to withstand the worst as early as 1954.

Ike's government figures that estimate an early one, and that the United States will have several more years before the danger of Russian aggression is greatest. Nevertheless, the defense of the nation's industrial productive power cannot be adequately planned in anything less than years. To disperse factories and build underground facilities takes time. It's a case of starting from the beginning in this country — if there is to be a start.

**SO FAR**, though, it's eight years since the end came in World War II, when the Allies found German factories located and operating successfully underground — nothing of any consequence has been done to protect the industrial might of this country from an aerial pounding. And it is this industrial power, not manpower, with which the U. S. is able to defend the free world. Seems hard to believe, but it's true.

President Eisenhower has apparently decided if labor leaders want to get tough with his administration, they can give it a try. The President has tried to cooperate with all groups, but labor has attacked him in bitter language and labor leaders keep repeating their assertions that he broke his word with Martin Durkin, former Secretary of Labor.

Of course, the President doesn't see it that way, but he will not beg unions for support. **MEANWHILE**, the labor unions are giving the Chief Executive serious trouble. Their attack is still going strong and this row is one even Vice President Nixon couldn't smooth over.

It's not that labor doesn't like Ike personally, but labor leaders feel that Ike is running a big business government with big business executives. They don't think Ike sympathizes with their views on certain key points in the labor philosophy, either.

As a result, the rift between the President and labor unions is a wide one.

The diplomatic course being followed by India in the United Nations and in Korea is disappointing to U. S. officials. In trying to be neutral, as Indian leaders profess to be doing, the Indians are actually following a pro-Communist line.

No doubt some Indian diplomatic officials are in sympathy with the Reds. Otherwise, they could not overlook all the killing and disruption the Communists have been causing in the world for eight years since World War II. They could not be neutral if they admitted the truth, that the East-West battle is a battle of tyranny against freedom.

### ONE POSSIBLE explanation for

A motor rewind here has its full rated horsepower — the work is superlatively done by specialists and is wholly guaranteed. Regardless of type, size, make — we can service your electric motors perfectly, economically.

**Wirt Electric**

some of the Indian actions is the fact that India may be fearful of Communist invasion themselves. Another reason advanced is that Indians do not yet appreciate fully the value of individual freedom since they are still following backward caste systems and therefore do not fully understand the moral guilt of Communism.

In either event, whether intimidated or ignorant about democracy, the Indians are writing a poor chapter in their history at the moment.

### BURIED WRONG MAN

Texarkana, Tex. — Relatives, who just three weeks before had "buried" Van Iper Sellman, 46, were shocked to find that they had buried a man, who looked exactly like Sellman, who had been killed by a freight train. Sellman was in Longview, Texas, when told of his "death" and although hale and hearty at the time, he collapsed from shock. Who the man was who had been buried is still a mystery.

### CROW SCARES COPS

Syracuse, N. Y. — Hearing shrieks of "Help, Velma," sheriff's deputies arrived on the run to investigate. They found a crow perched in a tree, and two boys who explained that the crow had been trained to squawk for aid. The smart bird belongs to Walter Pope, proprietor of a gasoline station.

### NO SUPERMAN

Columbus, O. — Little Larry King, 8, learned the hard way that he was no "Superman." Poised on his second floor fire escape, Larry adjusted the silk scarf around his head and spread the towels which hung, capelike, down his back. He took off and landed—in a hospital bed, with broken wrists.

### SURVIVES 4,000 VOLTS

San Leandro, Calif. — While fighting a grass fire, William Wolter, 49, chief of the Alameda county fire patrol, brushed against a 4,000 volt power line. The shock threw the chief into the air. He fell and rolled down a hill. After treatment for shock, he took the rest of the day off.

### WALDO'S A HERO

Redwood City, Calif. — Waldo, the green and red parrot belonging to Mr. and Mrs. Robert Zurita, is not only a pet, but a hero. His frantic screeches aroused the sleeping Zuritas in the early morning hours as smoke and flames shot through the floor of their upstairs apartment from the garage below. Waldo was saved from the fire, along with a few possessions of the Zuritas.

### ARMS SPENDING

Secretary of Defense Charles E. Wilson has forecast a drop of \$2,000,000,000 in defense spending in the next fiscal year from the \$42,000,000,000 that is expected to be spent this year for the Army, Navy and Air Force.

### FARM OUTLOOK

The economic outlook for farmers is causing grave concern, not only among farmers, but among many bankers and business men, according to Chairman Young of the Senate Agriculture Committee. He reports that the basis for this concern is the fear that the Federal Government might withdraw from "protection" all farm prices.

### PROBABLY

Sometimes it looks as if being a professor in Washington weren't any more fun than being a professor in college—but it probably pays better.

### FARM PRICES

Prices of farm products declined about three-fourths of 1 per cent between mid-August and mid-September. This decline lowered the farm price level to about 19 per cent below the record set in February, 1951, and was about 10 per cent below the level of a year ago.

### FRENCH AID

In a joint statement, the United States and France announced a new plan to end the eight-year-old war in Indo-China. The United States will grant \$385,000,000 in additional aid to France and more French and native troops will be used there.

**"I LIKE Everything ABOUT MY ELECTRIC RANGE"**  
says MRS. C. A. GORDON  
OF 1923 HARRISON, AMARILLO, TEXAS

"It's so nice to be able to put a meal in the oven, go out and then return to find it all cooked and ready to eat," Mrs. Gordon says. "Another thing that always amuses my guests—I use the warmer drawer of my electric range to hold the plates and the home freezer top to hold the food. This gives me a regular serving center for buffet meals. At first some of my friends just couldn't believe that a kitchen could be clean enough to

serve buffet luncheons. But when I explained about my clean-cooking electric range, they saw the point."

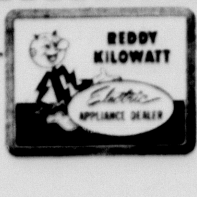

For roasting or broiling or cake baking, you can't beat an electric range. Like Mrs. Gordon says, "Everything I bake, roast or broil, always turns out so good." Your roast, cakes or broiled steaks would turn out the same way if you were cooking electrically.

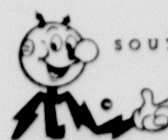

Mrs. Gordon uses her well cooker often. One thing she emphasizes, "My vegetables never have that wilted look when I cook them in the well cooker." Because so little water (just half a cup) is needed when cooking vegetables the electric way, you're sure of holding vitamins, too.

Cake baking is one of Mrs. Gordon's pastimes. She likes to bake cakes. Since cakes should have long, Mrs. Gordon particularly likes the fact that her electric range requires no double boiler for 7-minute icing. The constant, controlled even heat makes the difference.

There's no question about an electric range being modern. It has everything as Mrs. Gordon suggests. Plenty of storage space, too. Notice the large pans which Mrs. Gordon stores in the top drawer. And, there's more storage in the bottom drawers, as well.

YOUR REDDY KILOWATT DEALER CAN HELP YOU SELECT YOUR ELECTRIC RANGE!

**SOUTHWESTERN PUBLIC SERVICE COMPANY**

## W. T. Queen To Be Announced At Homecoming

For the first time in many years West Texas State College students will have a queen to reign over Homecoming activities October 24. Five girls were nominated for the honor in assembly Thursday, and an election followed.

Identity of the queen will remain secret until Homecoming Day, when she will ride on a special float during the annual parade. She will be crowned in special ceremonies at a student talent show at 4:30 p. m., Homecoming Day.

In the final run-off for queen were Miss Bonnie Hughes, senior from Hale Center; Miss Shelia Malone, senior from Tulia; Miss Donna Erwin, senior from Claude; Miss Colline Brown, senior from Hereford; and Miss Katy Lee Brown, junior from Allison.

Miss Hughes, a home economics student, is a member of Buffalo

Gals, campus service organization, Buffalo Masquers, Home Ec Club, Kappa Tau Phi sorority, the Advisory Council, and is an officer for Cousins Hall. She was named last year to represent WT in "Who's Who Among Students in American Colleges and Universities."

Honorary Lieutenant Colonel of the WT ROTC unit last year, Miss Malone is an elementary education major. She is president of Alpha Chi, national honorary society, and is a member of the Future Teachers of America, Buffalo Gals, and Pi Omega sorority.

Miss Erwin, a music education student and a senior senator, was named to "Who's Who" last year. She is a member of the Music Educators National Conference, F.T.A., and Pi Omega sorority.

Majoring in sociology, Miss Colline Brown is a member of the Buffalo Band, Tau Beta Sigma sorority, and Wesley Foundation. She was a Personality Princess last year and was "Band Sweetheart" in 1951.

Miss Katy Brown, a business administration student, is a member of Buffalo Gals, Delta Zeta Chi sorority, and Nu Gamma Phi, business club for girls. She won "Sweater Girl" honors last year.

## Miss Treadwell To Direct District P-TA Defense Workshop

MISS MATTIE TREADWELL

On October 22 the Eighth District PTA will conduct a Civil Defense Workshop at the Stephen F. Austin Junior High School in Amarillo with Miss Mattie Treadwell from the regional office in Dallas as principal speaker.

Miss Treadwell is responsible for coordination of Civil Defense work in Texas, Arkansas, Oklahoma, Louisiana, and New Mexico, and is assigned as assistant regional director (women's activities) and also as Volunteer Manpower officer.

Mrs. James P. Cornette, District president, will preside at the meeting. Charles Rogers, superintendent of Amarillo schools, will give the welcome address. Rev. Hubert Thomson, pastor of the San Jacinto Methodist Church, will give the inspirational talk. Mrs. J. B. Shackelford, Mrs. Fred Mercer, music chairman of the Eighth District, Mrs. Crews Henry, of Canyon, state vice-president and District Civil Defense chairman, and Miss Esther Sorrenson, supervisor, Home and Family Life Education, will contribute to the program.

Miss Treadwell has a background of military training to prepare her ably for her present work. She was a member of the first officer candidate class of the W.A.C. in 1942. In 1943 she was assigned to Headquarters, Army Air Force, where she served as executive officer in the Air WAC Division of General H. H. Arnold's staff. In 1944 she was assigned to Director Oveta Culp Hobby's office in the War Department General Staff. She left the military service in 1947 with the rank of Lt. Colonel, USAF Reserve.

## Umbarger News

The freshman class was feted to a party in the home of Math Albrichts Sunday. Co-hosts and hostesses were Tommy and Sylvia Raef, Ed Grabber, Betty Friemel, Margaret Westhoff, Marcel Fischbacher, Mary Buecker, Joyce Friemel, J. D. Johnson, Dorothy Skarke, Charlene Friemel, Jerry and Jodie Richardson. The members of the class present as guests were Cecelia Friemel, Elaine Batenhorst, Elsie Buecker, and Evelyn Irlbeck.

Mr. and Mrs. Sylvester Batenhorst and family, and Mr. and Mrs. Werner Henschied and family of Dawn visited with Mr. and Mrs. Raymond Batenhorst Sunday evening.

Mr. and Mrs. Jim Alford and family spent the week-end at Nara Visa, N. M., visiting Mrs. Alford's mother, Mrs. Percy Danis.

Visiting in the W. P. Janssen home Sunday evening were Mrs. Frances Hess, Clark Dowlin, and Mrs. Charles Beckman and Mary Phyllis.

Mr. and Mrs. Henry Gerber were hosts to Mrs. Jack Vorwald and Linda Sunday afternoon.

Mr. and Mrs. Bill Gerber and family spent Sunday in Amarillo where they visited with Mr. and Mrs. Peter Stork.

Also in Amarillo Sunday were Mr. and Mrs. Ben Buecker and family who visited in the John Kuhles home.

Visiting in the E. A. Stocker home Sunday evening was the Joe Franks family.

Mr. and Mrs. Paul Artho and family visited Mr. and Mrs. Ed Skypala Sunday evening.

Mr. and Mrs. Dennis Brandt and family visited Mr. and Mrs. Steve Scott of Dawn Sunday afternoon.

Those exchanging visits were: Evelyn Hoffman, Mary Phil Beckman; Virginia Friemel, Gladys Westhoff; and Susie Raef with Catherine Westhoff.

## Honor Bride-Elect With Shower Tea

One of the loveliest parties of the season was given Friday afternoon in the home of Mrs. Floyd Tomlinson where a tea shower was given to honor Miss Annette Pond, bride-elect of Robert McClendon. Hostesses for the occasion with Mrs. Tomlinson were Mesdames Wilford Taylor, Jr., John Williams, Newton Crain, Jim Caba, J. B. Roberts, Ross Craig, Richmond Hales, Gwen McFarland, and F. M. Hacker.

Guests were greeted by Mrs. Tomlinson, Annette, Mrs. K. L. Pond, mother of the honoree, and Mrs. J. C. McClendon, mother of

the bridegroom-to-be. Mrs. Tomlinson wore a flaming paisley, chiffon wool, designed in the new pencil silhouette, complemented with a pink glamelia corsage.

Miss Pond was gowned in sea foam taffeta styled with a sweetheart neckline and bouffant skirt. The neckline was filled in with narrow accordion crisscross ruffles of slightly darker green than the dress. Her corsage was pink miniature baby mums. Mrs. Pond wore a two piece mauve Italian silk dress complemented with pink glamelia corsage. Mrs. McClendon was gowned in a two piece burnt chestnut faille with glamelia corsage.

Miss Lynn McKinney, Mrs. Duane Ross, and Miss Sarah Jane Colwell presided at the guest register table which was marked with a tall white taper mounted on a gondola shaped base of pink outlined with pink tulle. Forming an attractive cluster base to the taper were tiny pink miniature baby mums and net from which a Dresden cupid peeped.

Miss Jean Moore, Mrs. Clara Long, and Mrs. Otta Lee Elkins presided at the silver coffee service. The dining table was a thing of beauty. Laid with an exquisite linen and organdy cloth and appointed with silver crystal and hand-painted china, it was centered with a pink tulle heart tree beside a miniature lake outlined in miniature pink baby mums.

Streamers from the tree to the corners of the table terminated in white and pink mum nosegays. Floating on the lake was a Dresden Venetian bridal gondola in which sat a bride and groom surrounded by similar mums. The gondolier was a cupid. Dusty rose tapers in tulle clusters mounted on crystal holders shed a soft pleasing light over the entire arrangement.

Attractive arrangements of dahlias, pyrocanthea, michaelmas daisies and winter bouquets were placed in pleasing decorative spots throughout the lovely home.

Misses Teddie Howell, Donna Erwin, and Dorothy Elizabeth Neblett furnished appropriate piano numbers for the musical background.

Gifts were on display in the den. Approximately 200 guests called or sent gifts.

A local homemaker reports that her Negro cook demands more pay, on account of today's high cost of living.

"Raising chillun sho am expensive," the cook complains. "Why, it cost almost as much to feed a chile as it do a human being."

Homecoming Mums. Place your order today. Call H. R.'s at 588.

## Classroom Teachers Form Organization

A chapter of the College Classroom Teachers Association, branch of the Texas State Teachers Association, has been organized at West Texas State College.

Miss Lucy Mae Yarnell, assistant professor of business administration, has been chosen president of the WT chapter. Other officers are Dr. Crannell Tolliver, professor of speech, vice-president; and Dr. Ima Barlow, professor of history, secretary-treasurer.

A membership committee includes Dr. Tolliver, chairman; Dr. Ples Harper, Zeke Marchant, Joseph Findley, Dr. Roger Whealy, and Dr. L. F. Sheffy. A group of WT professors met last week to discuss organization with Dr. James Taylor, Southwest Texas State College professor, who is president of the state association.

An army sanitation officer learned that a certain area in Korea was reported to have bad drinking water so he decided to investigate.

He arrived on the spot and began questioning an old master sergeant about precautions being taken against disease from drinking unpure water.

"Well, first we boil the water," the old veteran said. "Then we put it in luster bags to keep it pure."

As the S. O. began nodding approvingly, the sergeant finished with, "And then, just to be on the safe side, we all drink beer."

"When I say liberty, I do not mean simply what is referred to as 'free enterprise.' I mean liberty of the individual to think his own thoughts and live his own life as he desires to think and live . . . liberty of a man to choose his own occupation, liberty of a man to run his own business as he thinks it ought to be run, as long as he does not interfere with the right of other people to do the same thing . . ." —The late Senator Robert A. Taft.

## GEM CACHE SEIZED

New York. — Robert Edmund Deppe, 39, a native of Brussels, Belgium, and Samuel Lieberman, 46, of Brooklyn, were recently arrested in which customs officials called one of the biggest diamond smuggling hauls on record. Officials said they seized gems totaling 1,439 carats and valued at \$233,230 when Deppe arrived in this country, piloting a Sabena (Belgian airlines) plane.

Luck is what happens when preparation meets opportunity.
